Coach's Corner

by
MELVIN NICE
Football Coach

The results of two weeks of practice, a few bruises and a lot of sweat, will be realized this Friday as the Vernonia Loggers play the Salem Academy Crusaders at Salem. The game promises to be a very interesting contest. The Crusaders lost 6-0 last week to St. Mary's of Medford who were runners-up in state last year. It shouldn't take long to see whether the Loggers are championship material. Salem Academy features a wishbone, option offense, that stars a 200-pound fullback who is also the quickest man on the team. Last week he ran for very good yardage which could pose quite a problem for Vernonia. Their other running backs have only average speed and size. Their passing game was only fair last week but with only nine days practice that was to be expected. Salem did manage one touchdown pass against St. Mary's which was called back due to a penalty. When a defense is highly concerned with stopping a running attack, the pass is always a dangerous threat. The Crusader defense racked the quarterback nine times which means they have a very respectable pass rush. The Logger game plan will be to stop their big fullback with Don "Baby Buffalo" Knight. "I put Don's height at five-foot nine-inches and his weight at about 240-pounds last week," said Coach Nice. "Then upon measuring and weighing him, I found that he weighed 250-pounds. We will put Don over center with the job of stopping their fullback," he continued, adding, "we will then play our normal defense with the rest of the squad."

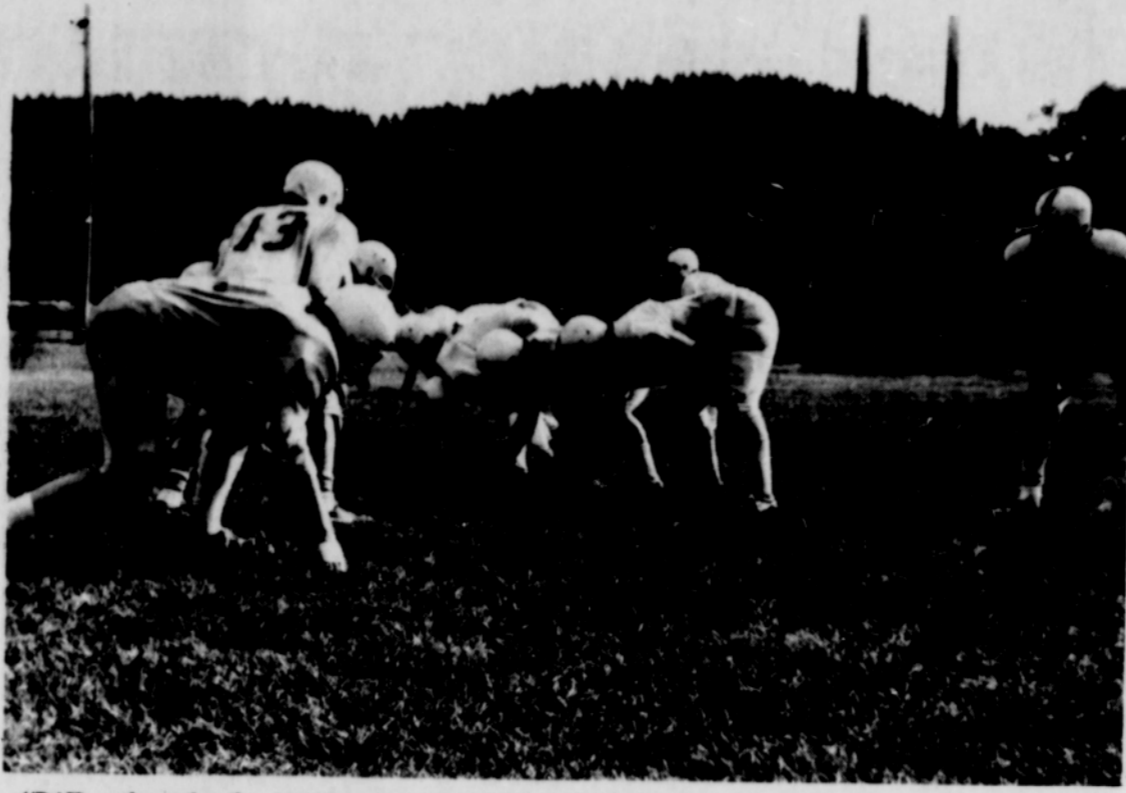

The head grid men continued, "Our basic offensive plan against their 4-4 stack defense is to run outside and traps up the middle. We will attempt to control their pass rush with our screen pass." In scrimmage this week several have looked good. Kris Crowston, Loren Kennedy and Gordy Crowston have been hitting very hard on offensive blocking, while Ed Buckner has looked good running the ball. On kick returns Bryan Traylor and Brad Bellingham have looked very sharp on reverse handoffs. On defense Jim Thompson is destroying people. "I will feel much better when Jim is hitting our opponents instead of our own men," commented Nice. Mike Sutherland has also looked good on defense.

For those planning to attend this Friday's game, the following directions will get you to the playing field.

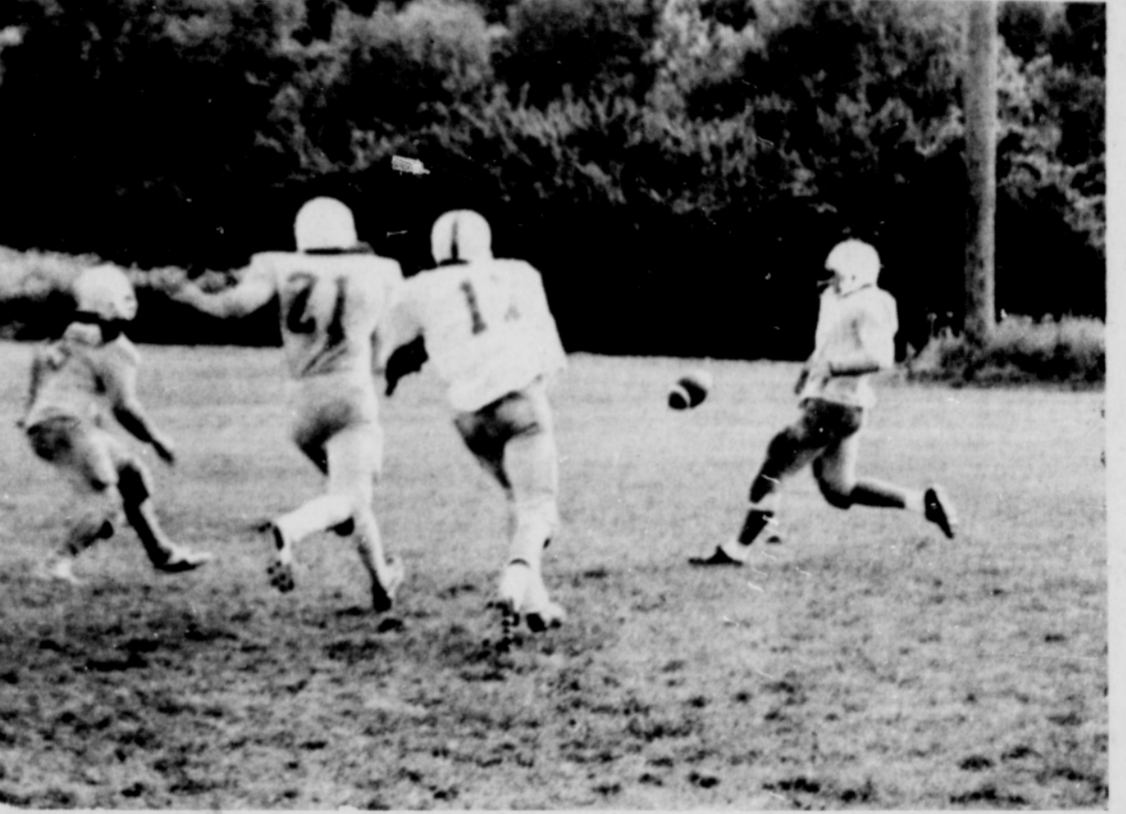

Follow I-5 to the Brooks-Keizer exit. Stay on that highway until reaching 219. Turn left on 219 and follow it out the bridge to Salem.

Then follow Highway 22 toward Dallas. The school is a short distance out, on the right hand side of the road.

The following is the last of the

"RAH, rah, rah, the Loggers have the ball" and they plan on keeping it as they go into their first game of the season against Salem Academy this Friday night at Salem. The Loggers began practice three weeks ago and are showing real promise this year.

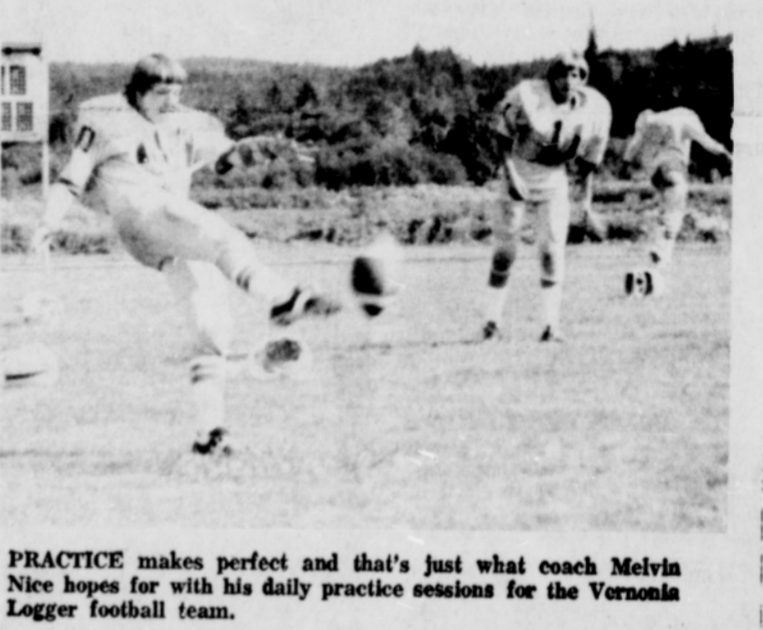

THE BOYS with the dark colored scarves are the opposition in this practice scrimmage held Friday evening at Greenman field as they tested their plays against each other. Blocking for the punter was one of the important elements being exercised that afternoon.

MARTY SCHWAB
"At five-foot four-inches and 135-pounds you just don't go around knocking people down," according to coach Nice. "At least not the big strong kind found on the football field, on Friday nights. In fact, at that size, it is a successful season just to be alive at its conclusion," the coach said, with a smile.

"I must give Marty credit for turning out and sticking the season out each year," Nice continued. "It would be easy to find some reason not to turn out but Marty is always in there, trying."

PRACTICE makes perfect and that's just what coach Melvin Nice hopes for with his daily practice sessions for the Vernonia Logger football team.

PRACTICE makes perfect and that's just what coach Melvin Nice hopes for with his daily practice sessions for the Vernonia Logger football team.

Coast Guard Offers Safe Boating Class

The U.S. Coast Guard Auxiliary-Flottilla 75 is sponsoring a course on safe boating. The free 12-week course will be held at Holbrook School on Highway 30 south of Scappoose each week. The course got underway this week on Tuesday night and will be held each Tuesday night for the next 11 weeks at 7:30 p.m.

According to a representative of the Auxiliary, it is still not too late to join and "all you have to do is attend the next session and register at that time."
