

There Is No Guess Work About Proper Eye Testing.

It's an accurate science. Just trying on any kind of old glasses is hard on the eyes. The best known methods of examination used in our Optical Parlors. We grind our own Glasses too.

Mr. McVey, our new banker has a tendency to "go near the water" He frequently goes fishing, and loves the sport. He caught his first sturgeon the other day, and a fine one it was, about two feet long. But the worst of it all is: that white Auto-wagon has acquired the same idea, and, quoting from his own report: his car very near souzed him in the Owyhee River the other day. So leave the car at home when you go fishing.

Our readers who visit the Hot Lake Sanatorium will find the Gate City Journal on the free reading table which is maintained by the management for the benefit of the Sanatorium guests. The Journal is sent regularly and our readers need not miss a single Nyssa item because of the fact that they are away from home.

The office windows of the Greig Test Co. attracted more than the usual attention Thur. Several ladies quit their work and primped up to pay the new milliner a visit. W. won't tell on you this time, but—

Fishing tackle for sale at Super's.

F. L. Lockwood and W. A. Eeutsch were in Boise Saturday.

Rope for sale at Super's.

ARCADIA RUMBLINGS.

Miss. Rella Long is working at Mr. Doans near Ontario.

Clyde Cable and Wm. McKibben went fishing one day last week and engaged Bob Aldridge to haul in the game. Bob's job was easy.

The people of Arcadia gave a box social a few weeks ago for the purpose of raising money to purchase an organ for the school house. Rev. Soward of Nyssa bought it for them last Tuesday at Boise.

Merl Cheeley who is working for Wm. McKibben has been on the sick list a few day. We believe it would be a wise plan for Arcadia to have a curfew, as late hours seems to be bad for the health of more than one of the lads around here.

TO KEEP RAZORS IN SHAPE.

For the purpose of preventing rusting of small instruments the Lancet recommends a mixture of equal parts of carbolic acid and olive oil, smeared over the surface of the instruments. This is much used by medical officers in the navy, and is found to preserve the polish and brightness of the steel, however moist and warm the climate may be. For large instruments and tools, boiled linseed may be recommended. Wipe the metal with a cloth dipped in the oil, and let it dry.

PLAYING SAFE.

Biffkins—Say, I want to bring suit against Dr. Quackem for \$76 damages.

Lawyer—Certainly; but what for? Biffkins—I bought a bottle of his corn cure—paid him a dollar for it, and it didn't do a bit of good.

Lawyer—I see, but isn't \$76 damages rather excessive?

Biffkins—Yes, I suppose it is, but I figured that your bill would be \$75 and I want to get my dollar back.

LOCAL ITEMS

Have you noticed the new ads? Cash for your relinquishments W B Hoxie
