

You'll Never Regret It, If You Invest At Nyssa

THE GATE CITY JOURNAL

A Continuation of The Nyssa Sun

NO. 17.

NYSSA; MALHEUR COUNTY, OREGON, THURSDAY JULY 28 1910.

\$1.50 PER YEAR. 5c PER COPY.

LOCAL ITEMS

J. Pratt was transacting business in Caldwell Wednesday.

E. H. McDonald and daughter Florence left for Boise Tuesday to spend a few days.

C. H. Davison and children are visiting in Nampa this week.

The reconstruction crew for the S. L. are in town giving their engines a general overhauling.

Geo. Closson has almost completed his new residence, a beautiful bungalow on First street.

P. Conley, of Shamokin, Pa., is visiting with C. C. Wilson. He made an extended visit in the city and likes it but is most favorably impressed with Nyssa—and that because Charley lives here.

Anti-septic disinfectant kills germs. It mixes with water and is cheap and effective. Use for and prevent disease.

S. F. Foster.

Mrs. Walter Cox of Nebraska has been visiting Mr. and Mrs. O. Pratt of this place.

For sale, a 7 room, 2 story house and 2 lots. Located in the best residential portion of Nyssa. Will sell at a bargain. For further information call at this office.

Seashore Excursions August 3rd. Via Oregon Short line. Low rate to Nahcotta, Washington (North Beach) and return. Tickets limited to August 18th. Take a few days outing on the Seashore and get away from the heat. Ask agents for rates and further particulars.

Be provident and get your winter coal in the bin before winter sets in. Rock Springs Coal \$7.50 per ton. Empire Lumber Co.

Mrs. Lenna Potter, from Boise, is visiting with her parents, Mr. and Mrs. J. J. Scott, of this place.

Marcus Bates, editor of the Portland Herald, gave the Journal staff a pleasant call Thursday.

J. O. McVey went to Caldwell Wednesday.

Maek says that the joke is on the Journal's editorial staff and we are inclined to feel the same way about the matter. At the rate the editors have not as yet been caught out late at night with a lantern trying to make a "bull frog" shut his mouth.

It seems customary now days to buy large soft drinks to Dr. Sarazin. For Doc! Don't anyone forget him.

Mr. and Mrs. Geo. Closson went Tuesday in Boise.

W. L. Gibson was in Vale Tuesday.

E. Wells was in the city the first of the week enroute to Evergreen Idaho.

The van Gilse building looms very prominently. The masonry work is completed and the wood work is being rushed.

Mrs. Will Smith and children of Boise are visiting with Mr. and Mrs. Fred Marshall.

Mrs. Grigsby and Mrs. J. C. Himler drove to Fruitland Wednesday.

Alanson Snyder from Boise went Sunday with Mr. and Mrs. H. Super.

Seashore Excursion August 3rd. Via Oregon Short Line. Low rate to Nahcotta, Washington (North Beach) and return. Tickets limited to August 18th. Take a few days outing on the Seashore and get away from the heat. Ask agents for rates and further particulars.

REPORT

STATE HAD ASSEMBLY.

State Slate Filled and Platform Adopted. One County Absent and Some Poorly Represented. Assembly Proven to be Unpopular at home.

The delegates from the several counties of the state of Oregon met at Portland last Thursday for the purpose of fixing up a slate to hand to the Republican voters of this great commonwealth and they did it in the interests of the people. (?) One point that is in their favor is that they had no slate made before they got there but on the other hand they went there without instructions and could back the one that suited their fancy. Yet the assembly was to put forth the ticket that the Republicans of the state knew was the one that was the particular choice of the majority. Is the slate as prepared the choice of the party because a few of the ringleaders of this great state met and said so.

There is no question but that some of the men are good ones and will make competent officials and will see that their every duty is performed and has the welfare of every part of the state at heart but they can not get accustomed to the people nominate rule. We are a Republican and one through and through but we do believe that the people should not be overlooked and if they have said that they are tired of being the under dog all the time as they are in conventions it is time that they sat up and took notice and prevent the old convention plan from becoming popular again. There is nothing like organization but that organization can include the people. The Primary causes a man to man fight with in the party it is true but is it not fair to the people to know the worth of each man in his party and to select him. We believe that if at the Primary the People say you are not wanted as our standard bearer that he should gladly step out and down and help his successful opponent. Now it is up to the people to say which is the best man between the individual and the assembly man. Surely the Assemblyites did not split the party ranks.

The assembly did not prove as popular as even the pessimistic predicted and from our county only a majority of the chosen delegates went to Portland and it is so with the majority of the other counties. One county neglected to send even one delegate to the rally of Republicans. (?) We only need to look into the reports of the county assemblies to see how unpopular the call to arms were. Look up the record of our own county assembly and see how unloyal the Republicans were. That is unloyal to the measure of the assemblyites but not in the eyes of the good staunch Republicans who believe in Government for and by the people.

Following is the state slate: Representative in Congress, First District—W. C. Hawley, of Salem.
Representative in Congress, Second District—W. R. Ellis, of Pendleton.
Governor—Jay Bowerman, of Condon.
Secretary of State—Frank W. Benson, of Roseburg.
State Treasurer—Ralph W. Hoyt, of Portland.
Superintendent of Public Instruction—L. R. Alderman, of Eugene.
State Printer—William J. Clarke, of Gervais.
Attorney-General—J. N. Hart, of Baker City.
Officers for which candidates will be recommended today: Four Justices Supreme Court
Commissioner of Labor Statistics, State Engineer, State Railroad Commissioner (at large).

WATER IS FINE.

When it is Used in the Right Way and is Plentiful. Directors Meet on Tuesday, Aug. 2, to Talk Ditch Once More.

The Directors of the Owyhee and Kingman Kolony Irrigation districts will meet on Tuesday next at their headquarters in Nyssa to talk over the business of their districts and see what they can do to push matters and bring things to a head or as close as possible. This will be an important meeting and it is expected that quite a bit will be done towards seeing things open up and start the ball rolling. The engineers will no doubt be chosen at this meeting. A report from Mr. G. H. Binkley, who is at Chicago, is expected and this report will throw a great deal of light on the all absorbing question "When will work start?" Word has been received from Chicago through friends of the gentlemen that left for that place recently that the work on the plans and specifications is going on smoothly and that it will not be long before they are ready to be submitted to the directors of the districts. An expert corps of engineers and draftsmen are employed on them and when they are completed will be thoroughly reliable and accurate and thus save time.

What is it that this country needs more than a good reliable ditch that will water the high land or bench? This is all we lack to make this the largest and richest irrigated district in the west and this means a lot to every resident and land owner in this county and state as it will give us an increased population that we so badly need. The country now developed is not supporting half of the people that it can support and it is hoped and looked forward to that within the next few years that this can not be said.

There are thousands of people in the middle west that are waiting anxiously to receive an invitation to come to the promised land where they can live in peace and enjoyment and where they can forget the prairie wind and blizzards.

The high land that is at present lying dormant will soon be brought to bear and will have an abundant harvest. There will be room for thousands of homes on this large area and they will be there. It is the water that is needed and when that gets there the rest will come easy. There is no danger of the people under the High Line ever suffering what the people around Nampa under the New York canal are today and have for weeks. The water is plentiful in the Owyhee now and what will it be when it will be backed by the immense reservoir that is to be constructed to store the waters.

NYSSA-O WYHEE INDEPENDENT TELEPHONE COMPANY.

The Apparatus, such as switchboard, Cable, Telephones, Wire, Furniture and fixtures, arrived in Nyssa last Monday and Work Will Start at once.

Last Monday the telephone equipment of the Nyssa-Owyhee Telephone Company arrived and the officials of this company are getting busy and will see that the system will be in operation in as short a time as it is absolutely necessary to erect the poles and install the phones in the business houses and homes. The board comes in such a way that it only takes about an hour to install it, so if this was all that was necessary Nyssa would have the Independent system now.

The poles have not yet arrived and it is thought that it will be a few days yet before they arrive but when they do come everything will be in such shape that it will not take any time to get them off the cars and strung along the streets and roads. In the main part of town there will be no posts as the cables will be underground and distributed from a pole in the alley. This is one advantage and beauty of the new system.

The room in the rear of the Bank of Nyssa is to be the central office and it is being cleaned out and being stocked with apparatus which is in shape to install at a moment's notice.

A meeting of the directors will be held in the near future to employ a man to manage the installation and to see that things go right in general. The officials are very hopeful that the telephones will be installed and in working condition by the first of September and every effort will be put forth with this end in view.

The people of this vicinity realize how badly they need a good system and are waiting with open arms to welcome the new phones. Not only Nyssa people are kicking on the service given them by the R. M. B. company but every where that that company has an exchange it is proven the same. All want a new system and one that they can get service from at a reasonable rate.

A Runaway

Being thrown from a hay rake and dragged all over the field was the misfortune of Birdie Cox, younger son of F. A. Cox, last Sunday morning. Dr. Sarazin was called about 10 o'clock and on arrival pronounced the lad very much bruised outwardly. One hip was badly smashed, a piece of the bone being broken off. Also one ankle sprained, but, it is believed, that no injuries were sustained internally. Birdie is only a small boy and undertook to rake the hay Sunday morning, when the horse became frightened, throwing him off his balance and into the machinery of the rake, where he became fastened and unable to loose himself. He was carried rapidly on by the badly frightened horse until the rake was torn almost to pieces. A lever, near where the boy was caught, seemed by the motion of the rake, to have done the worst in bruising him, as it dealt its unceasing blows throughout the run.

We are glad to report that he is improving at this writing.

DEAD.

Harry Carr died last Sunday morning, while on an outing in the Blue Mountains with his mother and friends. The cause of his death was heart trouble, as leaving a lower altitude and going to a higher elevation, it seems, was more than he could stand.

The remains were brought here Wednesday and buried at eleven o'clock A. M. Rev. Soward conducting the services.

His mother, who resides here, and two sisters in Indiana remain to mourn his loss.

Harry was well known here as he was for the last two years in the barber business until he sold his shop to C. H. Davison. Since then he has been living on his claim in Idaho until about a week ago when he left for the mountains.

The Rival hat at Boydells now only \$2.50 former price \$3.50. Shoes sold at liberal discount.

Napoleon's Grit
was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, la grippe, croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c. \$1.00. Trial bottle free at S. F. Foster.

Don't wait until winter to get your coal! Now is the time. Rock Springs Coal \$7.50 per ton Empire Lumber Co.

Seashore Excursion August 18th. Via Oregon short line. Low rate to Nahcotta, Washington, (North Beach) and return. Tickets limited to August 18th. Take a few days outing on the Seashore and get away from the heat. Ask agents for rates and further particulars.

Those Pies of Boyhood.
How delicious were the pies of boyhood. No pies now ever taste so good. What's changed? The pies? No, it's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at S. F. Foster.

A Frightful Wreck
of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For turns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, it's a supreme. Surest pile cure. 25c at S. F. Foster.

Work 24 Hours a Day.
The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. 25c at S. F. Foster.

This year,
Sagamore Hill,
Strenuous still,
And no one complaining
For want of a thrill,
Shindy and sass
Just as sure as fate—
Beverly, Mass.,
Can dream early or late,
Snore as it pleases
And snooze as it will—
This year,
Sagamore Hill.
