SYSTEM RADICALLY WRONG.

Division Should be Decided by Each County.

That the system now in vogue in Oregon is radically wrong for the division of counties, is the belief of the Astoria Budget, which in its issue of July 7, says that it should be left to the people of each county themselves to decide whether or not they want to create new counties. The Budget says:

"Among the initiative measures that are to be voted upon at the election next November is one to create Nemath county by taking portions of Lane and Douglas counties. This is a measure which is of course only of direct interest to the people residing in the districts affected, but under the provisions of the law, it is to be voted upon by the people of the entire state. Judging from matter that is being sent out by the commercial clubs of Lane and Douglas counties the great majority of the residents of those sections are opposed to the bill and the only ones there are who are favoring it are those who are endeavoring to create a real estate boom in what is to be the new county seat. That being the case, the one thing for electors who reside outside the affected districts, to do is vote against it. The fact of the matter is that the method now in vogue for the division of counties is altogether wrong. Such questions should be left entirely to the people whose homes are in the section directly concerned and whose interests are thus affected and not to the voters of the state at large, the majority of whom know or care absolutely nothing about the matter at issue. One grave danger of granting these petitions for divisions of counties by a vote of the people of the entire state is that some time the question may come closer to home. Some one, for instance, may want to get up a petition to divide our own county and under the existing law, the people of other sections of the state would determine the question by their votes. The safer way is to kill all measures of this kind that come up and thus nip all prospective petitions in the bud, at least until such time as the state laws are amended so as to provide for what may be termed "home rule," by restricting the vote on these strictly local measures to the voters residing within the district concerned."

MR. VOTER.

Do you think it right to vote to create new counties and double their expenses. You can not know conditions in remote counties and should vote against all division and vote for the law allowing counties to settle their local matters among themselves.

Thanks for the Pool.
(East Oregonian).

Above Gibbon the middle of the Umatilla river is to be the dividing line between Umatilla county and the proposed new county, which has not yet been christened. Under this arrangement the Wenaha Springs resort will be in the new county. All excepting the pool. Thanks for the pool.

NEW COUNTIES.

When alone in the election booth on November 8th, when scanning your ballot you will read substantially the following:

A Bill to Create the County of Clarke.

335 X No.

You are asked to reconsider well the above measures and by voting "No" on all division measures, and "Yes" on the bill giving the counties full control of all local matters, you will be relieved of such duties at future elections. Your careful, conscientious consideration is asked. Respectfully,
