Lesson from the Past.

Macduff had amputated Macbeth's head.

"I didn't mind his talking to me as if I were an old hen," explained Macduff; "but I couldn't stand his hideous profanity. There's already too much of it on the stage!"

Feeling that he had done his duty, he then took a lay-off.

Physiological.

"Eme," said Margie, who was laboriously spelling words from a first reader, "how can I tell which is a 'd' and which is a 'b'?"

"Why," replied Eme, wisely, "the 'd' has its tummy on its back."—Tit-Bits.

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection

WICK BLUE FLAME

Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Some years ago a well known London solicitor, recently deceased, successfully defended a man charged with burglary, and a few days later there came by post a valuable gold hunter watch, with an inscription to the effect that it was a gift from a certain London society, presumably of doubtful practices. Years afterward the solicitor had the watch stolen from his waistcoat pocket, but it came back to him by post with a letter of apology, stating that "we never rob one of our pals."—London Answers.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, biliousness, indigestion and headache.

The sooner you get rid of them the better, and the way to get rid of them and to build up the system is to take

Hood's Sarsaparilla

The Spring Medicine par excellence as shown by unequalled, radical and permanent cures.

Get it today in usual liquid form or chocolate tablets known as Sarasatabs.

An aeroplane developed by Japanese army officers is said to maintain a speed of sixty-eight miles an hour for considerable distances, the best that has yet been done in the history of aerial navigation.

A large railroad in Brazil will send four mechanics to the United States each six months to serve in the factory of the concern from which the road buys its locomotives.

THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS

Poor health can nearly always be traced to a disordered stomach, weak kidneys, sluggish liver or constipated bowels. The Bitters acts directly on these organs, making them strong and healthy. Try it.

KASPARILLA

This sterling household remedy has long been recognized as the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

BUILT ON QUICKSAND.

Remarkable Piece of Engineering on Chinese Railroad.

The most remarkable piece of engineering on the Pekin-Hankow Railroad, China's iron backbone, is Yellow River bridge. Outside America it is the largest of its kind in the world. It measures almost two miles from end to end and is constructed entirely of steel. There is no stream which shifts its bed more than Yellow river. It is called China's sorrow, and is said to have changed its course no less than nine times within the past 20 centuries, each time choosing a different mouth by which it enters the sea. At the last great flood, when the waters forsook their bed, many millions were drowned.

The bed of Yellow river is of quicksand, so deep that it was impossible to use any masonry in constructing the bridge. Steel tubes were sunk in place of the ordinary concrete pillars and these were joined together by steel bands. There are eight of these steel tubes, each of which goes 50 feet down into the bed of the river. Other steel tubes extend down from 33 to 45 feet. The arches of the bridge have a span of 65 feet, where the current is strongest, and of 98 feet in other places. The steel piles, or tubes, have been filled with cement to give them strength, and rock and stones have been sunk around their bases to solidify their foundations.

The stones were first dropped down into the river without any support and were carried away by the quicksand. Later mats made of the branches of trees, bound together with wire, were let down around the piles and the stones dropped upon them. In this way tons of stone have been moored so such rafts about each pile and they have made the bridge as firm as though the piles were bedded in concrete. The bridge was put up in a year and a half, and on the opening day a train of 21 cars passed over it without causing a perceptible vibration.

FASHION HINTS

The fashion of very sheer over-dresses or tunics, combined with heavier materials, is exceedingly pretty, if used in good taste.

The sketch shows a rose foulard, polka-dotted in black, and having a tunic of black chiffon, the hem being embroidered in rose, as is also the vest.

Faithful to His Trust.

I was waiting near the elevator in the factory building for my friend to come down when I noticed a small boy sitting in one corner of the hall holding a large, thick sandwich. He eyed the sandwich lovingly for a long time, then he carefully lifted off the top slice of bread, took out a piece of dill pickle, ate it, and replaced all as before. In a few seconds he again removed the top piece, extracted a piece of pickle and a piece of meat and replaced the top. Again and again the performance was repeated until all the pickle and almost all the meat were gone, the sandwich, however, appearing intact as at the beginning.

"Why don't you eat up your sandwich and not pick at it in that way?" I asked the boy, with some curiosity.

"Why," he answered, looking up with great innocence, "it ain't my sandwich."—Woman's Home Companion.

A feature of the winter season in Quebec is a competition for the best snow statue to be made in Dufferin terrace, directly opposite the Chateau Frontenac. Snow lends itself admirably to modeling, as several successful statues made in past winter carnivals in Canada testify. It is probable that one of the three judges will be M. Paul Chevre, of Paris, who is the sculptor of the Champlain statue on Dufferin terrace. M. Chevre is spending several weeks in Quebec at the chateau. The Chateau Frontenac offers a purse of \$50 in gold to the sculptor of the best snow statue and two other prizes, each of \$25 in gold, are offered by business firms.

The Way She Dressed Him.

"What do you want to be when you grow up?" was asked of a small boy by the visitor.

"Oh," said he, "I want to be a man, but I think mamma wants me to be a lady."—Ladies' Home Journal.

You often hear people say of a sick man: "His will power is keeping him alive." Nothing in it. When you can't get your breath, will power won't keep you alive.
