TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. CHILD, Beatrice, Neb.

The Other Case.
Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached. I had no appetite and was so nervous could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. HAYWARD SOWERS, Cary, Maine.

Hot Water a Curative Agent.
The action of hot water on the body is the simplest and most effective curative agent we have. Pain due to neuritis, sciatica, rheumatism or injury are relieved and the first stages of a cold are so greatly relieved that the cold will not progress further. Such a bath is in no way similar to the Turkish bath. A cold bath need not be taken after a hot bath and people living in the temperate zone will be greatly benefited by a really hot bath every other day.

They were discussing at the club the difference between discretion and valor, and it was exemplified by one who said it would be valor to have eaten a Christmas dinner at a fashionable restaurant, and departed without tipping the waiter. Called Music Nerve Poison.
Frederick Nietzsche agreed with those who found no inspiration in music. Indeed, he regarded music as a nerve poison, and declared that some music—particularly that of Wagner and Tschakowsky—deranged the minds of many who heard it. Tschakowsky killed himself after completing his famous "Sixth Symphony," which, as several other have died by their own hands after playing it, has come to be known as the "suicide Symphony."

REBELS FLOCK TO BORDER CAMPS

Federal Troops in Revolt and Trouble Looms.

Wires Cut to Nacozari and Americans Flee From Many Towns Across Border.

Douglas, Ariz.—Encamped within striking distance of several border towns, 8500 constitutionalist troops rested on their arms Sunday, while insurgents among the federal garrisons strengthened materially the rebel forces.

The last word received from the besieged city of Nacozari was from the telegraph operator, who flashed "too hot for me here," and left his key just before all wires between Douglas and Nacozari were cut. Open revolt and scenes of disorder had occurred among the 250 federal defenders of Agua Prieta, and the military officials there gave warning to all Americans to leave the town.

The best citizens of Agua Prieta generally fled to Douglas, while the drunken and rebellious soldiers paraded the streets crying "Viva Madero!" "Viva Maytorena!" and "Viva Diaz!" Brawls between politically estranged companions in arms added to the confusion and terror which held the town in its grip.

Desertions among the federal soldiers at Guaymas, the California gulf port held by the federals with a large force, were reported here, and, though orders were received by the commander of that garrison to move against Hermosillo with his full force instantly, no move has been made. It is reported that federal officers there are in bitter disagreement, and rioting is expected.

Mobilization of rebel troops has begun. At Magdalena 1900 new recruits organized and are ready to take the field. The state troops commandeered trains on the American-owned railroads to transport insurgent troops. The state troop paymaster is paying the railroad men for their services.

Soldiers of the rebellion burned bridges on the Southern Pacific within 35 miles of Nogales, on the Arizona line, and three bridges on the branch running to the American mining center at Cananea. With both wire and railway communication absolutely checked, the insurgents are now in complete control of Sonora, and declare they will be able to check any advance made against them by the forces which Huerta is said to have dispatched to subdue the revolting state.

WHITE HOUSE WILL BE "DRY"

Wilson, Marshalls and Bryans Bar Wines and Liquors.

Washington, D. C.—It is said that the Wilson-Marshall administration will be a "white-ribbon affair, with no wines or liquors served at any entertainment. Not only do the President and Mrs. Wilson and their daughters bar the sparkling cup but so also do Vice President and Mrs. Marshall, Mr. and Mrs. Bryan and other members of the cabinet.

When Secretary of State and Mrs. Bryan had the British ambassador as a luncheon guest, Mrs. Bryan announced that neither she nor Mr. Bryan drank wines and she knew Mrs. Bryce did not.

Some years ago Mrs. John B. Henderson caused the wines in her home to be emptied into the gutters in an effort to stop the tendency in Washington society to a too free use of wines and liquors. While the result of Mrs. Henderson's efforts were not far reaching, the move of President and Mrs. Wilson, Vice-President and Mrs. Marshall, Secretary of State and Mrs. Bryan and others at least puts a quietus on wine drinking when they entertain and are entertained.

Tong War Is Resumed.

San Francisco—One murder and one unsuccessful attempt upon the life of another man signalized the resumption of hostilities in Chinatown between the Suey Sing and Bing Kung gangs. Suspects have been arrested in the two cases and the police are busy rounding up well known gunmen in the Chinese quarter. A curious fact is that the first victim of the reopened warfare was a Japanese who has been a member of the Bing Kung gang for four years. His name was T. Mizuhara.

Man Suffragist Punished.

London—Hugh A. Franklin was sentenced Saturday in Middlesex sessions to nine months' imprisonment for setting fire to a railway carriage. He informed the court that he did this as a protest against the government's treatment of the suffragettes. He declared that he would go on a hunger strike. Franklin, in December, 1910, was sentenced to six weeks' imprisonment for an assault committed on Winston Spencer Churchill.

Opium Will Be Burned.

Pekin—The National Anti-Opium congress, with a view to assisting China to suppress the opium trade, will appeal to the Young Men's Christian association and missionary societies throughout the world to open funds for the purchase of as large a portion as possible of the opium stocks at the treaty ports. The stocks will be burned.

In Germany the use of ferns is coming into more and more favor for packing food which is transported either short or long distances.
