Do You Comply With the Butter Law?

If not, read the following law and have your Butter Wrappers
clearly printed, with your name and weight of butter thereon.

CAUTION!

CHAPTER 179, SECTION 3.

"It shall be unlawful for any person, firm, association or corporation to sell, offer or expose for sale, any short weight butter within the State of Oregon. All butter sold or exposed or offered for sale in rolls, prints or squares within the State of Oregon, shall be plainly marked: 'Eight ounces, full weight,' sixteen ounces, full weight, 'twenty-four ounces, full weight,' or 'thirty-two ounces, full weight,' and ever roll, print or square sold, offered or exposed for sale shall contain the number of ounces marked thereon; and any person, firm, association or corporation violating any of the provisions of this act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$25.00 nor more than \$100.00, or by imprisonment in the county jail for not less than six months; or both such fine and imprisonment."

The Journal can furnish you with good parchment Butter Wrappers, printed according to law, at \$1.25 for the first hundred and 25 cents for each additional 100. This includes stock and printing. We are printing for the best buttermakers in this valley, and would like to add your name to our list of satisfied customers.

You can send your order by mail with the amount. Write plainly and state the size you wish.

Whitley Bottom Happenings

The Sunday school are planning an Easter program.

Mr. James Boor sold some cattle this week to Mr. Davis of Fruitland.

Mr. Chas. Stewart set his sturgeon lines last Saturday. We hope he is successful.

Mr. Tom Hulen and wife from Dead Ox flat, Oregon, are visiting friends in Whitley Bottom.

Misses Ethel Mackinson and Lola Carpenter, from near Fruitland, spent the week end with Mr. Boor's family, and attended the literary society on Friday eve.

Chas. Stewart and O. B. Looney made a business trip to Payette last Monday, March 10. They will bring a part of their alfalfa and oats seed, for planting, back with them.

The pupils of Whitley Heights debated Friday evening on the question: "Resolved, that country life is more preferable than city life." The affirmative won.

Mr. and Mrs. Jas. H. Boor and family and Miss Martin visited at Mr. Mackinson's, near Fruitland, Sunday, March 9, and spent an enjoyable hour viewing his dairy barn, silo, cows and milkhouse.

Mr. J. Tharp had the misfortune to have his buggy shed partially destroyed by fire last Sunday afternoon. The fire was extinguished before much damage was done, although the buggy is minus a top and back seat cushions.

In the mock trial held by the Whitley Heights police court, Mr. O. B. Looney was found guilty of stealing chickens, but was released under promise of good behavior. Judge Stewart's name will go down in the annals of Whitley Heights. His fame will spread through all the land.

Dairymen Are Prosperous

That prosperity is attendant upon the dairy interests of the state is shown by an examination of the yearly report of Carl Haberkamp of Tillamook, Oregon, the selling agent for eighteen creameries, and who handles more cheese than any other man in the United States.

Of a total of 29,199,514 pounds of milk delivered to the eighteen creameries in the past year, a resultant of 3,211,004 pounds of cheese was derived; or in other words, 44,633 boxes of cheese, which gave the farmers a net profit of 16.34 cents a pound of cheese, or \$1.61 per hundred pounds of milk. This after allowing a little less than 2 cents for manufacturing.

The average price of butter fat was 41.3 cents per pound. If the value of the cheese of the other factories not represented by Haberkamp be added to those represented by him, the total value of the production will be a little over \$730,000. The profit per cow for the year was \$106.

FOR RENT—40 acres in alfalfa, cutting 6 to 9 tons per acre; 20 acres, ten in alfalfa and ten for crops; 20 acres, two in alfalfa and five for crops, with dwelling of four rooms and family orchard, all adjoining Nyssa. Also a Jersey cow and heifer, and two work horses and harness. R. H. Horsley, Nyssa, Oregon. m6ti

Ontario to Hold Auction Sales

The first of a series of regular monthly auction sales will be held at Ontario, Ore., Saturday, March 22. In this issue will be found an advertisement giving the particulars. These sales are along the line of the old eastern market day and will be conducted along the broadest lines possible. Anyone having anything to sell is invited to bring it to this sale. All sales will be for cash unless the party selling desires to extend time to the purchaser. Everything from livestock down to farm implements, poultry, household goods, and miscellaneous articles will be sold. Nearly every farmer has something he does not need and there is someone else that does want it if it is known that it is for sale. If a person has but one article or animal, bring it along.

Col. James Barnard, who has been in the auction ring for 20 years, will officiate as auctioneer and the Ontario Commercial Club will conduct the sale free for the people. Read the advertisement or write to the Ontario Commercial Club for particulars.

For Sale.

Four Holstein cows, one fresh, the others to be soon. Will consider two good fresh Jersey cows in part payment. Creamery starting in this neighborhood reason for change. C. J. Jackson, ranch between Parma and Nyssa. m6ti

Custom spraying will be done by R. A. Cook with a new power sprayer. Those having orchards to be sprayed phone the Journal office. He will also sell lime-sulphur solution. Spray will be ordered about March 11.

DON'T FEED CREAM TO THE CALVES

If you are skimming your milk by any setting or dilution method or are using an inferior or worn out cream separator you are surely feeding a lot of butter-fat to your calves and pigs that is worth from 25 to 30 cents a pound.

You may think this is too small a loss to amount to much, but when you figure that it happens twice a day, 365 days a year, you will find that a De Laval Separator would save its cost every six months over any kind of "gravity" skimming and every year over any inferior or worn out separator.

Get a clean skimming DE LAVAL Cream Separator

as soon as you can and get all the money that is coming to you from the product of your cows.

We can make you a liberal allowance for your present separator, if you have one, and, if more convenient for you, can also arrange for a partial payment at time of purchase and balance on easy payments.

If you want to see for yourself just how much more cream you can get with a De Laval let us set up a machine for you and have you try it out for yourself. Just phone or drop us a postal and we will be glad to bring a machine out to your place.
