Keep your valuable Papers in our vault

THE best and safest place in the world to keep fire and life insurance policies, notes coming due, mortgages, deeds—in fact, all valuable papers, is in a fireproof vault. When your valuable papers are in our vault you know where they are and you know that they are safe. The rental fee is nothing compared with the value of the papers. You are invited to inspect our burglar and fireproof vault.

Metal Fire Escapes for School Building

Metal fire escapes have been placed on the new high school building and parents can feel a measure of relief in consequence. The third story hall is now well protected from the fire danger by the escapes placed at either end. Two hundred and fifty dollars was the purchase price, exclusive of erection.

Hand Is Improving.

E. A. Sailor, proprietor of the Nyssa Meat Market, has been having a hard siege with the hand injured several weeks ago. He is still unable to make use of the member, though considerable improvement toward healing is noticeable during the past week.

LARGE DEMAND FOR CLOCKS.

While the clock industry of the Black Forest has held its place in the markets of Europe and America for over two centuries, the introduction of modern methods has given it so great an impulse that within six years France has more than doubled her import of Black Forest clocks, the Argentine Republic has tripled her imports, and the United States has more than quadrupled hers.
