MR. WHITE BUYS NEW EQUIPMENT

W. W. White of the Oreida Gardens has added a Dowden Elevator Potato Digger to his equipment, which is the latest thing out in the spud digging line. The machine leaves the spuds on top of the ground, without cutting or bruising. He is now ready to do custom work and people wanting potatoes dug should make arrangements with him right away, as orders are coming in thick and fast.

Ho has a P. O. Shaker digger, used on only six acres, which he will sell at a bargain, owing to having purchased the larger machine.

Always get your shoes at L. Spier's. There is a reason.

Citation to Heirs.

NYSSA AND VICINITY

A Brief Resume of the Daily Events in a Live Town What Your Neighbors Are Doing.

Hinsch pays market price for wheat and oats.

Dr. Taylor of Vale was a Nyssa visitor Saturday.

Tables, Chairs, Bedsteads, Mattresses, Springs and all kinds of Furniture at Hinsch's.

Kendrick Blodgett is down from Boise on a visit to his parents, Mr. and Mrs. W. L. Blodgett.

After all, it takes hot weather to give the incomparable Nyssa watermelon just the right flavor.

Now is the time to see as complete and fine a line of men's and boy's shoes as ever hit the town. L. Spier.

Business was humming at the Nyssa garage this week. Fourteen disabled cars put up there for repairs.

Mayer's Quality Shoes for men, boys and ladies are of such good wearing qualities that Hinsch is building up an excellent shoe trade on them.

Theo. Peterson, of Apple Valley, has made a trade of ranches with John Pettit, of Minot, N. D., and will take up residence on his newly acquired property.

Frank Leuck, feeling the need of a rest, took a vacation from the shop this week and devoted the time to cleaning the sagebrush from his desert claim on the East Side.

Mrs. McNea this week sold 80 acres of dry land near Mitchell Butte to H. D. Birdsell for a consideration of \$2000. The land is under the High Line and Mr. Birdsell is well satisfied with the trade.

There is great rejoicing these days in the families of Willis and Olan McGorden. A fine baby girl weighing 9 1/2 pounds came to cheer the home of the former Saturday. On the same date at Ontario a baby boy was born to Mr. and Mrs. Olan McGorden.

N. J. Minton was looking after business interests in Nyssa Saturday.

Our new fall hats are in. It will surely please you to look at them, L. Spier.

Hinsch is selling big bills of groceries every day. Do you know the reason for his growing trade?

Mr. and Mrs. Henry Teutsch have returned to Homedale, after a brief visit to Mrs. Teutsch's parents at Nyssa.

Do you know the reason why Hinsch is selling lots of flour lately. Ask your neighbor, he can tell you.

J. H. Wolf, the genial cashier of the Malheur County bank, enjoyed a brief period of urban life at Boise this week.

All sizes of Overalls, Men's Shirts and Underwear, and Men's Socks, Suspenders and Gloves just in at Hinsch's.

City Marshal Holmes and wife are now comfortably domiciled under their own vine and fig tree, having removed Saturday to their residence property recently purchased from Councilman George Phillips.

E. H. McDonald bought a big grey automobile last week and kept it long enough to experience only a few of the joys and sorrows of an automobile owner. This week he traded it to Henry McNea for forty acres of land.

Mrs. Sarah McConnell left this week for a vacation trip to the coast. She will spend some time visiting her daughter in Seattle. A visit with her sister at Walla Walla is also included in her itinerary. She will be away about three weeks, and expects to enjoy every minute of the time.

Mr. White of the Oreida Gardens went to Payette Monday. He says that growers in that town who are in touch with the markets are predicting that potatoes will be selling for \$2.50 a hundred before spring and that other fruits and vegetables will soon be to equal heights. Almost total failures of crops in the middle states and Wisconsin have caused a great shortage and as usual the never-failing Northwest must come to the rescue.

Men's union suits from 30c up at L. Spier's.

Lots of Tinware and Granitware being sold by Hinsch. His low prices keep the goods moving.

Those 25c straw hats now selling for 10c at L. Spier's are moving out lively. Better get one before it's too late.

The Intermountain Wagon Shows entertained the Nyssa public at a fair performance given in a tent Thursday evening.

Postmaster Sproule of Ontario was in Nyssa Thursday and made a fraternal call on Postmaster Lizzie Thompson at the Nyssa office.

E. M. Gregg, the well known Ontario business man, came up to Nyssa Tuesday to transact business and enjoy a few hours of life in a live town.

A letter received by Lem Wilson from his sister in Nebraska gives some details of the drought in that state. Corn will be almost a total failure, but small grains fared better, much of the wheat producing 30 bushels an acre.

The Land Company has a force of men at work developing section five, under the Shoe-string and just west of Nyssa. This is a fine body of land and will doubtless be a prolific producer next year. Watch Nyssa grow.

Mr. White, owner of the Oreida Gardens, went up to Boise last week and sold a house and two lots in that thriving metropolis for \$2300. The lots are located near the capitol building and were fine property but Mr. White believes the money can be used to better advantage in this vicinity.

An Enterprising Youth.

The papers had a good deal to say last spring about several boys who had saved and wisely invested their money. Here's an Owyhee boy, Willie Schweizer, twelve-year-old son of Mr. and Mrs. Gus Schweizer, who may also be cited as a shining example of thrift and industry. He has from his personal earnings paid for a registered Jersey heifer, costing \$150, from the noted Stewart dairy herd of near Albany, Oregon. He also purchased a registered Jersey bull, also costing \$150, from a fine herd near Hubbard, Oregon, home of sleek and high priced aristocrats of Jerseydom. He is now saving to purchase more registered stock. He has besides these animals a mare and colt, and he takes care of his property.

Those who know buy DE LAVAL Cream Separator

Creamermen—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

Experienced Dairymen—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

Old De Laval Users—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

Men Who Investigate—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval. More De Laval machines are in use than any other make. There is a reason. Come in and we will tell you why.
