NYSSA AND VICINITY

A Brief Resume of the Daily Events in a Live Town
What Your Neighbors Are Doing.

Miss Susan Wheeler is numbered with the ill this week.

Ira Williams of Caldwell, spent Sunday visiting in Nyssa.

Wanted—Fairly good second-hand wags, cheap. Inquire this office.

J. L. Largent returned from Baker Sunday and leaves for Caldwell Friday on business affairs.

Mrs. Dan Barnidge of Boise, is visiting with her sister, Mrs. R. Toombs, at the J. J. Sarazin ranch, this week.

The best Overalls, Work Shoes and Work Shirts you will always find at Spier's Man and Boys' Store.—Adv.

E. F. Zahler has moved into town from his homestead on the Idaho side and will remain here for the winter.

Harry Butler has resigned his job with the Ford garage at Ontario and has taken up work on his ranch near Arcadia again.

All kinds of sewing by the day or garment. Charges reasonable. Dressmaking a specialty.—Mrs. H. R. Morris, Nyssa, Phone 62F10.

Those new Fall Suits for men at \$9.50, \$12.50 and \$15 at L. Spier's will save you time and money. They have just arrived.—Adv.

H. D. Birdsell, who moved from here to Roseberry, Idaho, some time back, has been in town the past week, visiting and attending to business interests.

Roy Crockett, Nick Leuck and S. J. Peer, with their families, were all members of a large camping party that made a trip to the mountains last week.

L. E. Wilson and family are back from a two weeks' trip to the mountains, out from Council. They made their camp on Bear creek and had a fine outing.

With the arrival Monday of M. Smit and A. Smit from Holland there are now five of the Smit boys in this community and every one of them measures over six feet in height.

The Social Circle of the Presbyterian church will be entertained Thursday afternoon, Aug. 27, by Mrs. B. F. Farmer and Mrs. Dick Tensen at the home of Mrs. Farmer. Everybody invited.

A. Felton, who has been living on his Idaho ranch at Hansen, returned last week and is now engaged in harvesting his alfalfa seed crop. Mr. Felton says he may not get a large crop but the seed is unusually excellent.

A large number of new silos will be built in this vicinity this fall. It is reported Peter Tensen is putting up a pit silo, 14 feet in diameter and 30 feet deep, on his ranch. Cornelius deBoer is well along with the construction of a large silo on his ranch, C. C. Hunt has also started building a silo and W. L. Gibson expects to start one soon.

The woodwork in the post-office building is receiving a coat of fresh paint, as a final touch to the improvements already made. A little later an addition will be built in the rear to provide more room, as things have become badly crowded since the establishment of the Owyhee rural route.

Doc. J. J. Sarazin, having been called upon as chief usher at half dozen stork parties the past week, began to get wobbly along toward the last, because most of them doubled on him with twins. So it was no wonder Doc got fussed when he received an urgent call from his home ranch, and on arriving there found his pet cow was the proud mother of two frisky calves.
