Notice to Advertisers.

All copy for changes of advertisements should be in the hands of the printer not later than Wednesday noon to insure its insertion in the following issue.

PROUD PRINTERS.

When we arise in the morning, as a rule, we have a desire to read the news of the preceding day—everybody wishes to know what has happened, both foreign and local—and to get the foreign news complete we are compelled to read the daily papers, and to get the local news we are compelled to take the local papers, whether issued once or twice or seven times a week.

We are proud to say that the Gate City Journal is read by nearly everyone for many miles north, south, east and west, and we are also proud to state that all advertising carried in this, the paper of the people of Malheur county, is honest and legitimate, and we can safely say that in doing business with any of them you will always receive the most courteous treatment.

In speaking of the best things being done nowadays we must not overlook the fact that the Y. M. C. A. is also doing at least one good thing for our boys when they furnish them with the printed stationery on which to write to the folks at home.

We'll welcome the right peace and the return of the soldier boys, but the first one who comes back and calls a street car a "tram" will get his'n.

The list of Russian republics is hardly worth memorizing, as it is like a railroad schedule, subject to change without notice.

Thanks to the great American housewife, war bread is an acceptable peace offering to the titular head of the house.

You might profitably utilize your spare time licking Thrift Stamps and thus help to lick the kaiser.

If the war work were only speeded up in proportion to the war talk, the war would be half won.

Aesop's goose that laid the golden egg has nothing on the little nonslacker hen.

A good deal of the news from central Europe no comes with the "important if true" labeled.

Trotzky might get the ignoble peace prize.

Dowitts Cold Tablets and Cherry Bark Cough Medicine will help you get that Cold Cured.

We carry an excellent line of Box Paper and Writing Tablets.

GERMAN EFFICIENCY.

The searchlight of war has brought out many interesting facts, and one of these is that the vaunted German efficiency will not always stand the test of comparison with American efficiency.

The Germans boasted of being the greatest farmers on earth. Investigation shows that in efficiency in agriculture, measured by the produce per acre, America being graded 100, Belgium leads the world, at 205; Great Britain comes second, at 164, and Germany third at 155. America comes fourth.

But the better test is the man test, rather than the acre test, and here America leads the world by over 2 to 1. Again, grading America at 100 per farm worker, Great Britain produces 43 and Germany 41. The American farmer cultivates 27 acres, the German farmer but 7. With the aid of vast quantities of fertilizer the German farmer produces more per acre, but he produces at a much greater cost per bushel and he produces much less than half as much per man.

PEOPLE ARE SAVING.

Evidences are accumulating that the habit of saving among the American people, especially among patrons of savings banks and postal savings, is outstripping the financial demands made upon them by the government.

While no exact figures are available at present, it is known that postal savings deposits have steadily gained during the year 1917, and notably since the first of July of that year, which was after the first issue of the Liberty Loan.

The reports from savings banks also show a steady gain, and the same is true of co-operative building and loan associations.

Nor have the people of small means been the only savers. It is estimated that the savings of the whole people of the United States, ordinarily \$5,500,000,000 to \$6,000,000,000 annually, were increased to \$14,000,000,000 to \$15,000,000,000 in 1917.

The response of the people to the national need of economy and saving has been general and generous.

They are now calling Bolshevism a religion. Have already heard it called everything else.

Fire Insurance Company Changes Name

On March 1, the German Fire Insurance Company, one of the oldest insurance companies in America, founded in 1853, changed its name to the National Liberty Insurance Company of America. The change in the name, which is the only change affecting the company, which has branches in every state of the Union, was necessitated by the public misinterpretation of the former name, which many persons believed to indicate the company was German in its origin or affiliations. As a matter of fact, the company was founded entirely by Americans and some of the noted men who have served upon its board of directors at various times, include the late Joseph Choat, C. Godfrey, once mayor of New York City, Richard M. Hoe, Marcus L. Ward, former governor of New Jersey, Ernest Hall, former judge of the Supreme court, and many more of equal prominence. The officers and directors are native Americans, and the funds of the company are invested entirely in American securities.

It is interesting, in connection with the announcement, to note that the company took its original name, "Germania", as a result of the large immigration to America, from 1848 until the outbreak of the Civil War, of Germans who took part in the revolution against autocratic rule in their own country, and came to the United States to secure political freedom, among them being such men as Carl Schurz.

It is announced by officials of the company, that all policies issued prior to the change of name, will continue in force until their expiration. The company's last financial statement gives its capital as \$1,000,000, with a reserve for liabilities of \$4,222,485.60, a net surplus to policy holders of \$3,381,100.27, and total assets of \$8,603,585.87.

Since the outbreak of the war, the company has been active in securing recruits for the United States Navy and Marine Corps, through the medium of posters distributed through its agencies, and it recently contributed \$10,000 to the American Red Cross.

SUMMONS.

IN THE CIRCUIT COURT OF THE STATE OF OREGON, FOR MALHEUR COUNTY.

May D. Chapman, Plaintiff,
vs.
Albert Edgar Chapman, Defendant.

To Albert Edgar Chapman, the above named defendant:

IN THE NAME OF THE STATE OF OREGON, You are hereby required to appear and answer the complaint filed against you in the above entitled cause within six weeks from the date of the first publication of this Summons, to-wit: the 15th day of February, 1918, or within six weeks if served personally without the State of Oregon, and if you fail so to appear and answer the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit: for a decree dissolving the bonds of matrimony heretofore and now existing between you and the plaintiff, and for an absolute divorce from the defendant; and for the custody and care of the minor child to be awarded to plaintiff; and that a just portion of the real property to be decreed to plaintiff and for such other and further relief as may seem meet and equitable to the Court, and for costs and disbursements.

This summons is published by order of the Honorable Dalton Biggs, Judge of the above entitled Court, which said order directs the service of this summons be made on said defendant by publication thereof in the Gate City Journal, a weekly newspaper published and circulating in Malheur County, and the State of Oregon, commencing with the issue thereof on February 15, 1918, and ending with the issue thereof on March 29, 1918, and directing that a copy of this summons and the complaint herein, be forthwith mailed to the defendant at his address in Van Tassel, Wyoming.

C. C. WILSON,
Attorney for Plaintiff.
