ANNOUNCEMENT.

To the Republican Voters of Harney and Malheur Counties:

I hereby announce my candidacy for the position of Joint Representative from this district in the next session of the Oregon Legislature, subject to your will as expressed in the coming primaries.

If nominated and elected, it will be my aim to promote legislation that will enable the State to provide means for the care of families of enlisted men; to provide protection for Oregon homes and industries, and to carry out our part of this war to a successful and early conclusion.

I will also promote and work for legislation that will tend to increase the production of food stuff and prevent profiteering in the marketing of the same. I believe that our first and most important business is to win this war, and next to that, the encouragement of the production of food production, and if nominated and elected my efforts will be devoted to this policy, as well as other needed and meritorious legislation.

It Is Now Time to Spray Your Trees!

You will do no better than to use

SHERWIN-WILLIAMS

Dry Lime-Sulfur

After some years of research work, our chemists have developed the only actual Dry Lime-Sulfur on the market. It is not a substitute for Lime Sulfur Solution, but it is the actual material in the dry powdered form. Dry Lime-Sulfur is very simple to use. It goes into solution in water almost instantly and spraying operations can be started immediately. Come in and let us explain its merits.
