

# "Keep Times Good by Building Now"

Times never will be kept good by sitting supinely, like "Micawber," waiting for something to turn up. It is up to us to turn things over and find out what makes the "OLD MACHINE GO." THIS IS FULLY REALIZED BY THE GOVERNMENT. More than anyone else, Mr. Wilson is in a position to know the need of more and better American homes; and in a like measure he knows that this is the only sure method of bringing about a normal, peaceful and prosperous condition to the American people.
