WATCH US WHILE WE GROW.

In the Boise, Idaho, Daily Statesman this morning appeared an advertisement in the nature of a boost for Nampa, Idaho, claiming territory in Malheur county. The advertisement in itself is O. K., but we believe here in Nyssa that the NATURAL Commercial Center for Malheur County IS NYSSA, OREGON and not the town of Nampa over in Idaho. The nerve of some people!

The Nyssa Commercial Club held its regular meeting in the Council chamber last Tuesday evening. A fair sized crowd was present, but we are sorry to say, that at least six of the leading business men and city officials of the town were not present. Now, brother citizens, a commercial club is not a joke nor is it a plaything; it is one of the most important businesses of your town—it needs the cooperation of all the business men, city officials and citizens. It is only through cooperation among ourselves that we can ever accomplish anything of any very great importance. We are going to hold another meeting of the Nyssa Commercial Club on the 10th of July and, please, now let's all be there. Maybe it would be a good idea for everyone to whisper in the other fellow's ear on that date so as to be able to fill the chamber with as few more of the Nyssa Boosters.

A little "elbow grease" would do us all some good, and by its use we can clean up the town—say, suppose we establish a cleanup day for one morning each week, say every Friday morning—gather up the rubbish in front of our places of business thereby making a every-week clean town.

"One for all and all for one"—and Nyssa is bound to grow. Let's all roll up our sleeves, push aside personal grievances, and boost for the good of our town and community.

A few nice big signs will tell the people that Nyssa IS the FIRST town in Oregon—after leaving Idaho.

Prospects were never better for a good, clean, White Man's Restaurant in the city of Nyssa.

Opening Day of the

Nyssa Chautauqua

Arrangements are now complete for the Nyssa Chautauqua. The three days attraction, consisting of 14 numbers in all will be educational and enjoyable from start to finish.

On the opening day, Dr. W. T. S. Culp will give the first lecture on the program. Dr. Culp is an orator of the first order, a veteran platform worker, a gifted thinker and educator, who combines wit with wisdom, practical sense with eloquence. He comes to our town with a reputation for inspiring leadership, an apostle of sunshine, who lends his fine philosophy of life to the promotion of the community spirit.

The Radcliffe program for 1919 holds the days of a new day. The quickening of American ambition, following the war against autocracy, is to be seized while fervor is at white heat and shaped into a nation-wide crusade for Education, Education and more Education, Education in Health, Honor and Efficiency, so that no enemy without or within can deprive us of the right to Happiness.
