SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy.

you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

BLIND MAN POULTRY FANCIER

Missourian Has Made Success of the Work, Despite Handicap Which Would Seem Insurmountable.

Blind Edward Jones of Jefferson City, Mo., has made a record in keeping poultry which many who have eyes have not equaled. Moving among his birds, which seem to understand how he is handicapped, and guided only by his sense of touch, he performs his daily work. He has built his own poultry house and brood coops, and has hatched and raised all his chicks. Blindness does not prevent him from culling his flock. The birds not intended to be kept are marketed as broilers, and the others are kept for the production of winter eggs.

Mr. Jones attended every poultry meeting held in his section last fall. He is now trying to organize a poultry club for blind people, and the home demonstration agent in the county has volunteered to read to the members the publications on poultry sent from the United States department of agriculture.

Nonexistent.

"What's your notion of an ideal husband?"
"A man who lets his wife have the last word in hats, gowns and arguments."

The Result.
"The police suspected a blind tiger in the building, so they raided a suspicious photograph gallery."
"Ah! a case of arrested development."

Quite Acceptable.
"This star says she cannot bear anything gross to come near her."
"She does, does she? How about the gross receipts?"

DAIRY FACTS

NEW PURE-BRED CALF CLUBS

Distinction of Having Largest Organization in United States Claimed by Wisconsin.

(Prepared by the United States Department of Agriculture.)

Wisconsin claims the distinction of having the largest boys and girls' calf club in the United States. The Winnebago County Calf club, organized by the county agent, already has 100 members.

It is being backed by the banks, the county superintendent of schools, the county agent, the secretaries of the breeders' associations, the officials of the County Fair association and the state leaders of young people's clubs. Any boy or girl can become a member of the club by owning and caring for a pure-bred or high-grade heifer calf or a pure-bred bull calf. The banks are furnishing credit to any of the juniors

who need funds with which to purchase their calves.

The new calf club project is being promoted in conjunction with the pure-bred sire campaign. The 100 calves now being fed by the boys and girls were secured from Winnebago county breeders.

DEMAND FOR DAIRY PRODUCE

Bureau of Markets Will Furnish Plans for Stimulating Greater Consumption.

(Prepared by the United States Department of Agriculture.)

The bureau of markets of the department of agriculture announces that it is prepared to furnish local organizations complete plans for campaigns to stimulate the consumption of dairy products in cities. A campaign at Sedalia, Mo., was conducted in February through the co-operation of the chamber of commerce, the women's division of the council of national defense, the state college of agriculture and other local organizations. Last year campaigns conducted by the department to encourage the use of dairy products were held in Boston, Detroit, Des Moines, Minneapolis and St. Paul. At Des Moines after a week's campaign the demand for milk became greater than dealers were able to meet. At another city a dealer who was marketing about 850 pounds of cottage cheese each week increased his sales to 850 a day, and in other cases much skimmed milk that had been going to waste was converted into cottage cheese and found a ready market.

INDIGESTION CAUSES SCOURS

Calf Affected Has Been Overfed, Been Given Milk That Was Sour, or Pails Were Dirty.

When the calf gets scours it is an indication that something is wrong with the feeding. It has either been overfed, been given milk that is sour or cold, been fed sweet milk one meal and sour the next, or the pails or troughs are dirty. Indigestion is the cause of scours, so in treating the trouble the first thing to do is to correct the conditions that brought on indigestion. Then give a dose of castor oil in milk and follow with the formalin treatment. This consists in giving one tablespoonful of formalin solution, made by adding one-half ounce of formalin to 15½ ounces of water, in each pint of milk fed. Only half the usual amount of milk should be given at a feed for a few days, when the amount can be increased to normal again. There are other remedies but this has been highly recommended.

TEST COW FOR TUBERCULOSIS

Law Makes It Compulsory in District of Columbia—Big Decrease of Disease Noted.

(Prepared by the United States Department of Agriculture.)

In the District of Columbia it is compulsory to test dairy cattle for tuberculosis. The law was passed in 1909. During the year which followed 1,701 cattle in the District were tested, and 19 per cent were found to have tuberculosis. In 1918, 1,206 cattle were tested and less than 1 per cent was found to have the disease. Since 1914 not more than 2 per cent of the dairy cattle in the District have been found to be diseased. This illustrates what systematic effort will do in the tuberculosis fight.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

Warblers All Kinds.

Not taking into account the human beings who are sometimes referred to as warblers, you will find on looking into the bird book that there are many kinds of warblers ranging alphabetically all the way from bay-breasted warblers to yellow-rumped warblers, says the American Forestry association, Washington, which is conducting the national bird-house building contest. If you had a collection of them all together they would take in about all the colors of the rainbow, yellow, orange, chestnut, black, white, green, gray, brown and other colors with numerous shades entering into their beautiful plumage.

Dubious Indignation.

An American motorist, stopped by a Scotch constable for speeding, hinted broadly that he might pay to be let off.

"What, sir?" cried the constable. "Dae ye suggest that I wad take a bribe? Dae ye dare to insult me, sir?" "Oh, excuse me," said the American. "I really—"

"But, now," put in the constable, "supposin' I was that kin' o' a man, how much wad ye be inclined to gie?"

An Idaho Case

Mrs. J. W. Webster, 210 Eighth St., Lewiston, Idaho, says: "I had trouble from my kidneys, of a dropsical nature. Mornings my hands were swollen so badly I could hardly close them, and my feet were swollen, too. The flesh under my eyes was puffed up and I had other annoying symptoms of kidney complaint. I used Doan's Kidney Pills and they fixed me up in good shape."
