XMAS THRIFT PLEA ASKED OF GOVERNOR

U. S. Wants Everyone to Give Savings Stamps For Christmas Presents.

The Federal Government has asked the Governor of the State to appeal to the people of the State to give War Savings Stamps and Treasury Savings Certificates as Christmas presents this year. A similar request has been made to all the mayors of the larger cities in the Twelfth Federal Reserve District.

General giving of War Savings Stamps and Treasury Savings Certificates as Christmas presents the Government feels would do much toward bringing prices of necessities back to a normal level by cutting the demand for luxuries, and would help to stabilize the financial situation, besides starting many of the recipients of such presents along the road of saving and thrift. In its Christmas campaign the Government has enlisted banks, clergymen, schools, and fraternal organizations, and has seen to it that the banks and postoffices have a sufficient supply of securities on hand to meet the Christmas demand.

Governor John U. Calkins of the San Francisco Federal Reserve Bank, which has charge of the work of the War Loan Organization in the Twelfth Federal Reserve District, points out the benefits to be derived through the general giving of securities of the Government as Christmas presents in the following excerpt from a letter to the Governors:

"Economists are agreed that the present exorbitant level of prices that constitute not only an economic but a social menace is caused to a great extent by a 'spending spree' being indulged in by the people. Indulgence in luxuries, which, of course, causes increases in the necessities of life, has raised prices generally to such unheard of heights that Christmas buying this year promises a dangerous climax. We, therefore, appeal to you to call upon the people of your state (or city) to forego the giving of the usual Christmas gifts this year and instead give securities of the United States Government, such as Thrift and War Savings Stamps, Treasury Savings Certificates and Liberty Bonds. There could be no more timely effort at stabilization of prices and production than such action upon your part and the part of the people, a majority of whom, I am sure, would answer your call."

F. and A. M. Lodges Back Thrift Work

The full strength of all Masonic lodges in California with a total of 67,890 members will be felt in the government's 1919 Thrift and War Savings Stamps campaign as soon as recommendations of the Grand Lodge of Free and Accepted Masons of California made in convention here can be carried out by the subordinate lodges. The Grand Lodge "endorsed the movement undertaken by the federal government on behalf of thrift and warmly recommends full co-operation by subordinate lodges," requesting appointment of a thrift agent in each local organization to co-operate with the government in the sale of the securities.
