ARMISTICE STILL ON WITH GERMANY

Washington.—Formal notice has been served on Germany by the United States in connection with the deposit at Paris of ratifications putting into effect the treaty at Versailles, that conditions of the armistice still govern relations between the United States and Germany.

Announcement of this action was made by the state department. Outlining the situation due to the fact that the United States had not ratified the treaty, it said:

"It is the position of this government that the armistice continues in full force and effect between the United States and Germany, and accordingly the provisions of the armistice agreement of November 11, 1918, as well as the provisions of the extensions of that agreement, remain binding on these two nations.

"Notice of this was given to the German government by the United States."

BERGER IS AGAIN BARRED

Milwaukee Socialist Is Ousted Second Time By House.

Washington.—Victor Berger, Milwaukee socialist re-elected from the fifth Wisconsin congressional district after the house had refused him membership "because he gave aid and comfort to the enemy," was barred from taking his seat again by a vote of 328 to 6.

The house acted in a little more than an hour after Berger presented himself to be sworn in.

Chairman Dalling of the elections committee, which held Berger ineligible the first time, presented a resolution barring Berger and reviewed the reasons why Berger was excluded at the special session. Representatives Mann, republican, Illinois; Voigt, republican, Wisconsin, and Sherwood, democrat, Ohio, supported Berger's right to a seat.

California Milk Agencies Accused.

San Francisco.—Five suits will be filed in San Francisco courts within 10 days demanding forfeiture of charter of five milk producing and distributing agencies in California on the ground that they have violated the law specifying that they shall be and remain non-profit organizations, the state attorney's office announced.

Suffrage Session Is Called in Idaho.

Boise, Idaho.—All doubt that the extra session of the fifteenth Idaho legislature might go by default because of the failure of the formal proclamation to be issued is removed. Governor Davis, prior to his departure for Washington on irrigation business, signed the call. He held to his original resolution that the session should include nothing but the suffrage amendment.

The Third Week

"We told you last week about the trials and tribulations we have been a buckin' inty' to keep steady on our New Year Resolutions. We have been so dad burned busy on those new improvements we promised Martha that before we knew it the OLD CORN-COB wuz our sudy companon agin, and our tuneful voice can be heard, raised in thanksgivin', durin the entire day. Man is 'ust naturally a companionable cuss, and just naturally craves and enjoys the solace of "OLD MISS NICOTENE."

We have spent the pas week in fixin' up fruit cupboards in the cellar for Martha; in battenin' the crucks off the old barn, and in the evenin' we sit by the fire and plan and meditate and figure on the other things we are goin' to repair and build around the place. And while we sh in meditation, we wonder how in tarnation we ever was such a dang fool as to swear off on "OLD CORN-COB". And then we smoke some more and meditate some more, on how slick that B-P lumber worked.

YOURS TRULY,

BILL.
