SCHOOL NOTES

The Nyssa High School girls cleared \$9.00 on the candy sale which they held last Friday during the baseball game with Wilder. The money has been used for equipment for the Domestic Art department.

The Freshman party has been postponed to a week from Friday evening, as the members of the class are not yet ready to produce the play on which they have been diligently working.

The baseball game with Wilder last Friday afternoon resulted in a score of 23 to 0 in favor of Nyssa. However, the teams were not evenly matched as Wilder had been obliged to substitute several grade students for members of the team who were ill.

The school play which is to be given during the closing weeks of school has been chosen and the various parts assigned to the students. Rehearsals are already being held and the members of the cast are busy learning their parts.

Farm Development

The greatest service the Bank of Nyssa can render this community is, in the opinion of our officers, to stand by the farmer who works by sound methods and to point out in a friendly way to the non-productive when their methods are defective.

For the Bank of Nyssa to carry out sound principles of safe banking is to promote the development of the community by extending credit to farmers for constructive work and improved farm methods.
