

COUNTY CONFERENCE TO BE HELD IN APRIL

Interchurch World Movement
to Send Big "Team"
Here.

TO SHOW RESULTS OF SURVEY

All Local Protestant Churches Co-operating in Movement Will Be Represented.

Early in April the Interchurch World Movement will hold its conference in this county. Representatives are now being selected by the local Protestant Churches of denominations associated with the movement, and from present reports the attendance at the conference will number well into the hundreds. In addition to the representatives selected by the churches, the conference will be open to all church members and friendly citizens who wish to attend.

The meeting place probably will be the county seat, and the attendance will be composed of the membership of the Protestant churches of the county.

The conferences will last one day only. During that day will be presented the whole program of the Interchurch World Movement for promoting co-operation in missionary and general church activities among the Protestant churches. Time will also be given to discussion of the local problems revealed by the Interchurch Movement's survey of religious conditions throughout the United States.

This county conference will be just one of the 2000-odd to be held throughout the United States on approximately the same dates.

No Sidelighting of Problems.

It will be, it is said, a very exceptional county that does not hear some more or less unpalatable truths concerning unchurched areas, or wasteful competition, or underpaid and absentee preachers. Not many counties, it is stated, are able to show an average ministerial salary higher than the average for the whole United States, which is \$937, while barely one-third of the entire Protestant population of the United States, according to estimates made by the Interchurch survey, has an opportunity for regular church attendance.

Besides a full consideration of local problems, the program at the county conference will present the outstanding results of the world-wide survey of religious, social and economic conditions made by the Interchurch Movement, the material for which has been gathered from every corner of the earth. Special emphasis will also be laid on the place of prayer in Christian life, the importance of assisting young people in the right choice of their life work and the duty of laying aside a definite proportion of income for religious purposes. Lantern slides will be freely used to illustrate the various addresses.

The conference will be managed by local committees, and the various topics under discussion will be handled by a team of from five to eight men and women, recognized as church leaders in the county or state. This team, in addition to the local meetings, will be responsible for conducting the conferences in seven other counties.

Big Educational Campaign Prepared.

This series of conferences represents only an intermediate stage in a great campaign of intensive education in practical Christianity preparatory to the united appeal for missionary funds and workers which will be held by the Protestant denominations co-operating in the Interchurch Movement between April 25 and May 2. The members of the team that will address the county

conference were themselves trained as a "faculty" of specialists in the various aspects of the Movement at a series of state and pastors' conferences. Similarly, those who attend the county conference will in turn form a "faculty" for interpreting the message of the Interchurch Movement to their local churches.

Thus it is expected that before April 20 the ideal of church co-operation advocated by the Interchurch World Movement, in place of church competition, and the program of evangelization that goes with it, will be familiar to every one of the fifty million Protestants in the United States.
