

CAME NEAR DYING

Finally Used Doan's and Was Restored to Health. Has Been Strong and Well Since.

"Malaria fever weakened my kidneys when I was a young man," says L. W. Garrison, 23 F St., Anderson, S. C. "Finally, ten years ago, I was in such bad shape that I expected to die. Medicine wouldn't help me any more. My back pained as if it were pierced with a knife. Many times I have fallen into the street and didn't have any strength to move until the awful misery was eased up. I couldn't sleep in bed for two years. The kidney secretions passed every five minutes and scalding hot water couldn't have burned any worse. I thought I was doomed to die, but a friend pleaded with me to try Doan's Kidney Pills and I owe my life to his visit. Doan's helped me from the start and eleven boxes made a permanent cure which has lasted eight years. I have not had one sick minute since, nor missed a day from work." *Sworn to before me.*

CARTER'S LITTLE LIVER PILLS

Small Pill—Small Dose—Small Price
DR. CARTER'S LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

Removes scars, wrinkles, smallpox pits, etc., removed; crooked nose, other deformities corrected. For any facial disfigurement write Dr. Bailey, 224 Empire Bldg., Denver, Colo.

FRECKLES POSITIVELY REMOVED BY Dr. Bailey's Freckle Ointment—Long Ointment as by Dr. Bailey, 224 Empire Bldg., Denver, Colo.

Same Finish. "Yes," said the prospective buyer, "I always judge a motorcar by its engine."

"But don't you pay any attention to its finish," asked the seller, who had been extolling the upholstery and trimmings.

"Never! My motorcars always have the same finish—a brick wall or a ditch."

"CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—Adv.

Can't Borrow Everything. "Shortleigh is a cheerful chap—never borrows trouble."

"Oh, well, I suppose he must draw the line somewhere."

The trouble with some people is that they always want to unload their troubles onto other people.

PISO'S

CURRENT WIT and HUMOR

POCKETED THE INSULT.

"Mr. Grampus thought he would cure a borrowing neighbor of a bad habit."

"Proceed."

"When the neighbor sent over one morning to borrow a hammer Mr. Grampus sent him a check to buy one."

"How did the scheme work?"

"The neighbor expressed his thanks, and the next day wanted to borrow a lawn mower."

Got Off Easy. His car had collided with a telegraph pole. A crowd gathered round.

"I think my collarbone is broken," he said to the policeman who bent over him.

"If that's all, yer in luck," growled the officer. "Shure, 'twas break-neck speed ye was goin' at."

His Position. "What is your position on this great question?"

"My position," replied Senator Sorghum, "is somewhat like that of a tight-rope walker. I don't want to stop to argue or show off. What I want to do is to get across to solid ground."

Precedent. "Of course," observed the man with a ponderous intellect, "we must show the deepest respect for precedent."

"Of course," assented the man with a fountain pen. "But that's no excuse for going ahead writing '1919.'"

A POOR COUNTER. "He's an expert accountant."

"I don't believe it. I played golf with him the other day and the score he handed in convinced me that he had never studied arithmetic."

Like Folk. Flowers are like folk—the daisy shows humility, in byways growing. The violet's modest, but the rose, the rose is given to blowing.

Disregarded Genius. "Rantington Roarer is undecided whether to play 'Macbeth' or 'Richard III' this season."

"Ah! What is the state of the public mind?"

"One of absolute indifference."

Apprehensive. Friend—You saw the doctor, did you? I suppose he started to regulate your diet.

Dyspeptic—No; I think he started to eliminate it.

Bearing Up Well. "Can't get much work out of that hired man of mine," said Mr. Cobble.

"Maybe he's troubled with dolce far niente."

"He may have it, but it don't seem to trouble him none."

Proper Thing. Reporter—What shall I do with this article on "A Leaderless Party?"

Editor—Give it to me and I'll put a head on it.

The Likely One. "What is your birthstone?"

"Judging from the knocks I am always getting I should say it was a brickbat."

Coming to Facts. "How was the reverberation in the cave?"

"I don't know anything about that, but the echo was fine."

Exact Instrument. "I hear your son has taken up music as a study. Does he play can amore?"

"No, sir. He plays the fiddle."

And All the Rest, Too. Bob—There goes the original numismatist in this town.

Jake—Must have some swell collection of coins.

Bob—He has. He's the head waiter in a restaurant downtown.

The Traffic Cop. "I notice you don't interfere with the woman drivers, officer?"

"No, I try to make it a little easy for the ladies."

"Yet justice is blind."

"Still, she's a woman."

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Back-Handed Stroke. "May said you were fishing for a compliment the last time you were up at her house, but that you didn't get it."

"Why, I don't recall having said anything that she could have construed that way."

"Well, she says you did."

"Did she say what it was?"

"Yes, she said that you asked her if she considered monkeys intelligent?"—Dallas News.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Adv.

A Jolt. "What's the matter with Flubdub?"

"His wife is back from the country."

"Well, wasn't he glad to see her?"

"Oh, yes. But she walked in unexpectedly last night on a poker game."

"You succeeded, then?"

"Oh, yes, but she hasn't spoken to me since."

FREIGHT CAR BROKE AWAY

Peculiar Happening Hailed as Something Particularly New in History of Railroad.

The Erie railroad has demonstrated the practicability of a theory that a freight train may lose a car from its midst and keep to its schedule with its crew in ignorance of their loss, and Ed Mott, of Goshen, the local historian, is happy.

For a generation Mott has been telling folks of an Erie train that left Susquehanna in the winter of 1855 with 15 cars of cattle. At Port Jervis one car was missing. It had disappeared from the middle of the train without leaving broken couplings or other traces of the manner of its ejection. Two days later the missing car was found in a field near the track at Shohola. It was empty. The cattle it had held were recovered in Sullivan county, New York. They had freed themselves from the car and crossed the Delaware river on the ice.

Engineer Albert O. Roberts was driving a train to New York last Sunday morning. At West Tuxedo air brake trouble led to the discovery that the fourteenth car was missing. The thirteenth and fifteenth cars had recoupled themselves. Search led to the discovery of the missing car alongside the track a mile to the north.

The accident of Sunday was exactly the same as the one which Mott describes as of sixty odd years ago, except that the modern form of brake caused the loss of a car to be discovered more quickly than was the case in the old days, when the couplings were of simple design and the brakes were operated by hand.—New Haven Union.

GOOD EXERCISE IS MOTORING

Physician Seems to Have Made Out a Good Case for His Side of Argument.

Dr. Henry Williams, in an article in *Motor*, combats the theory that motoring is reducing our opportunities for exercise. He says its benefits are threefold—physical, mental and volitional. The buffeting of winds and the inhalation of large quantities of oxygen stimulate digestion, assimilation and excretion. This is true of the person who merely sits, as well as of him who drives. The latter, however, benefits directly. Doctor Williams says: "When you drive a car 40 or 50 miles over average American roads, or a fraction of that distance in any city, you give your arms and torso a course of purposeful calisthenics that redounds directly to the benefit of your muscles and arteries and heart, and indirectly, but no less significantly, to the benefit of your digestive organs of elimination as well as of the nervous system."

Another Statute. With the unveiling of the figure of Gen. William Shepherd in the community of Westfield, Mass., a worthy figure is added to the American population of revolutionary heroes whose memory is perpetuated by a public statue. General Shepherd, before the Revolution, had taken part in the "old French war," which justified Macaulay in saying that because Frederick the Great had decided to rob a neighbor, "red men scalped each other by the great lakes of North America." He began as a private soldier and rose to the rank of lieutenant colonel under Washington, and later commanded a brigade under Lafayette. Individuals have sometimes questioned the utility of public statues; yet in this case, as in many another, the statue defeats the common forgetfulness of past deeds that has found expression in the old saying, "Out of sight out of mind."

No More Pups. A little friend of mine who lives next door has been teasing his mother for a puppy. Knowing the destructive habits of such animals, she has firmly refused to let him have one. At last he persuaded her to let him borrow one for half a day to show her that a puppy knew enough to properly behave himself. Being warned that he must watch the puppy every minute it was in the house, the little chap for a time was careful to keep his eye on it; but, finally tiring of such vigilance, he relaxed his attention only to give the puppy the chance it had been waiting for. It improved it to the full by chewing to pieces one of his most cherished Christmas toys. This was too much for the young host. "Good night," he exclaimed, "no more pups for me; I'll get me a 10 year old dog."—Exchange.

The Artistic Temperament. The landlady announced that a well-known humorist and cartoonist was to join us at our boarding house and we all had expectations of meeting a jolly good fellow who would drive dull care away. When he arrived he insisted on having a small table by himself, and instead of drawing his chair up to the table always drew the table to him, eating facing the wall, with his back to the guests, and declined to meet anyone. All in all he was a sad character to gaze upon and a great disappointment to the guests.—Exchange.

"Mark Him Duty." Wealthy Patient—Oh, doctor, I have such a bad cold. I can't go to the office this morning. Can't you do something for it?

Ex-Army Medico (just out)—Get out of here! Don't you see I'm busy? There isn't anything the matter with you, you gold brick.—The Home Sector.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

Consistency. "Why don't you go to work?"

"It would be highly improper for me to do so," answered the communist. "My idea is that people should live without working, and I've got to set an example."

MADE DISCOVERY TOO LATE

Detective's Knowledge Really Did Him Little Good After He Had Acquired It.

While they waited for the train two passengers entered into conversation. Presently one disclosed the fact that he was a detective, and the other was greatly interested.

"I suppose you have an exciting time!" he exclaimed.

Yes, I must say I have had my share of it," owned the sleuth.

"Discovered a great many gigantic frauds, I suppose?"

"I should say so," the detective replied. "Between you and me, the most complete case of fraud I ever saw was a woman, young and pretty. I would have been ready to swear she was an angel. But she has a temper like a whirlwind, and is as cunning as a serpent."

"How did you discover her true character?"

"I married her!"

Her Last Chance. Dick—This is the second time you've been engaged to that girl. Look out you don't lose her again.

Tom—Not much fear of that; she is ten years older now.

Well-Known Pacific Coast Folk Testify

Seattle, Wash.—"I used six bottles of Dr. Pierce's Golden Medical Discovery. I had an abscess (was in the hospital at the time) and I feel sure the 'Discovery' helped me, as it cleared the blood. I have had no recurrence of the trouble. That was in 1900. I also used Dr. Pierce's Favorite Prescription and went through the critical time of middle life without a doctor."—MRS. E. E. "Lived Three Months on Crackers and Milk"

Oregon City, Oregon—"I would not be alive today if it were not for Dr. Pierce's Golden Medical Discovery. I doctored with the doctors for five years for hardening of the liver and severe stomach trouble, but continued to grow worse. I lived three months on crackers and milk. I had big liver blotches on my face, my heart was weak, would have spells of being numb all over, my stomach would bloat terribly, and I would have such hard pain in my stomach that the perspiration would just pour off me. I also had terrible headaches. A neighbor told me about Dr. Pierce's Golden Medical Discovery and bought me a bottle. I continued taking it until I was completely cured. I have kept it in the house ever since. It is a wonderful medicine and I just can't say too much in its favor as I know it saved my life."—MRS. M. E. HYATT, 5th and Monroe Sts.

THE "BLUES"

Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloating, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach.

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings, oh! such quick relief from your stomach misery—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvellously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

Educational Value of Film. At the movies the other night, while the news weekly was running, a picture of life in the navy was flashed on the screen. Two women nudged each other.

"My boy's in the navy. I'm so glad I saw this," said one.

"I'm glad I saw it, too," said the other, "especially those scenes where they scrub."

"What's especially interesting about that?"

"Well, my husband's in the navy, too, and now that I know what they have to do, believe me, I'll remind him when he gets home."—Pittsburgh Chronicle Telegraph.

A Cool Head. While a six-year-old child of the East end was getting ready for school the other day her mother noticed that the water was fairly dripping out of her hair, and exclaimed, "Why, Wilma, what makes you wet your hair this cold day?"

The youngster replied: "Teacher told us to. She told us to keep our feet warm and our heads cool."—Indianapolis News.

Getting a Night Out. "I'd like to have you come to my house tonight to a stag party."

"Will you put that in writing?"

"Do you doubt my good faith?"

"By no means. Just want to show the document to my wife."—Louisville Courier-Journal.
