CLUB LEADER VISITS NYSSA

Miss Mazie Wilson, the Boys' and Girls' Club leader for Malheur county, was in Nyssa Tuesday and Wednesday for the purpose of organizing the club work. Tuesday evening she met a group of the representative men and women of the community in order to ascertain the particular needs of this section of the country, and to discover the directions in which the boys and the girls can be of the most assistance in building up the agricultural work. Although the weather was so stormy that few people were out, Miss Wilson gained sufficient information to enable her to make definite plans for the future. It has been decided to form clubs for the raising of potatoes, corn, pigs and poultry, and clubs for sewing and canning. Special interest is felt in the potato club as the need for good seed potatoes is keenly felt in this community, and in the pig club as it may become a decided commercial success if it follows the example of similar boys' organizations. A great deal of interest is also being shown in the canning club, which will enable the busy housewives of Nyssa to complete their canning with the least possible expenditure of time and effort.

Wednesday morning Miss Wilson spoke to the students of the High School and the Granges, giving them an outline of the work of the coming year. Competent club leaders have been secured from among the older members of the community, and many boys and girls have already enrolled in the various clubs.

School Notes.

The game with Parma last Friday turned out surprisingly, considering that we outplayed the Parma team for the most part. The Nyssa team showed lack of consistent practice and "blew up" in several places, thus allowing the Parma team to secure their runs.

The Freshmen have again postponed their party. They seem determined to emulate their Sophomore and Junior classmates, and give a good illustration of how children copy their elders.

An unexpected baseball game was played with Wilder on the Nyssa field Thursday afternoon. The game resulted in a score of 7 to 3 in favor of Nyssa.

CHARLES GOSSETT RECEIVES SAD NEWS

Father, Mother, Brother and Brother's Wife Pass Away Same Day.

Charles Gossett, a resident of Arcadia, left Tuesday for Illinois, having received the sad news of the death of his father, mother, brother and his brother's wife, having died from the effects of influenza, all passing away on the same day. We condole with him in this his sad bereavement.

BRIEF GENERAL NEWS

William Jennings Bryan, in an address at Fremont, Neb., predicted the United States would enter the league of nations.

Odessa, the great Russian port on the Black Sea, has been occupied by Ukrainians, according to information received by the Ukrainian mission in Paris.

Attorney General Palmer will appear before the house committee on agriculture on April 2 to discuss the pending legislation for the regulation of the packing industry.

Formation of a new cabinet for Germany, with Herman Mueller as premier and foreign secretary, was announced. The minister of labor is Kurt Schlichter, socialist, as is the premier.

Only the decision of the republican national convention at Chicago in June will definitely settle the conflicting claims of Johnson, Wood and Lowden factions of the party as to the significance of the one-hour presidential preference vote in Minnesota.

A direct charge that big financial interests were trying to buy the national conventions of both the republican and democratic parties was made in the senate by Senator Borah, republican, Idaho, in a speech advocating congressional action to regulate the pre-convention expenditures of candidates for the presidency.

Hundreds Made Homeless by Floods.

St. Paul, Minn.—Floods resulting from ice jams have made hundreds of families in Minnesota, Wisconsin and North Dakota homeless. Two hundred families living in the flats here were forced to flee when the Mississippi overflowed. The Wisconsin and Chippewa rivers went on a rampage and swept away bridges and flooded lowlands in many towns along the routes.

Woman's Fall Over Cliff Fatal.

Portland, Ore.—Mrs. Elsie Pollock, of Yreka, Cal., plunged to her death down a fifty-foot canyon wall at Sheppard's Dell Sunday. As she stood on the brink of the rocky embankment to have her picture taken, Mrs. Pollock was suddenly seized with dizziness and crumpled toward the edge of the cliff.

ALLIES REFUSE REQUEST

Ebert Cannot Send Men into the Rhine District.

Paris.—The allies have refused Germany permission to send troops into the Rhine districts to restore order there, it was reported. The allied decision followed Germany's refusal to allow entente forces to occupy the cities of Frankfurt and Darmstadt as a guarantee that any troops sent into the Ruhr district to down communist forces there would be withdrawn as soon as order was restored.

Absolute confirmation of the entrance of regular German army troops into the Ruhr district, on the edge of the allied zone of occupation, without any permission from the allies, has been received by the French foreign office. The French say they can find no excuse whatever for the sending of troops into this section.

German Government Will Protect.

Berlin.—Emergency measures to restore order and to protect the German people from "Bogal acts" will be taken by the government against communist forces operating in the Ruhr region, said a manifesto issued by the government. The news from the Ruhr industrial district, the Rhine-land in general, and from Westphalia, permits the conclusion that order will be gradually restored in those regions, where rebellious forces of working men have been operating.

In no part of China is there a medical force at all adequate to the needs of the situation. In one province there is but one doctor to five millions of people, and missionaries living in lonely stations must travel many days to procure medical help in case of need.

The program of the Interchurch World Movement, based on a careful survey, will include the strengthening of present institutions and the opening of a large number of hospitals in new areas where they are most needed.

Chehalis Mill Burns.

Chehalis, Wash.—Fire apparently of incendiary origin destroyed the main mill and dry kilns of the Coal Creek Lumber company in this city.
