IN THE NAME OF THE STATE OF OREGON: You are hereby required to appear and answer the complaint filed against you in the above entitled suit, within six weeks from the 26th day of March, 1920, the date of the first publication of this summons; and if you fail so to answer, the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit:

OREGON NEWS NOTES
OF GENERAL INTEREST

Principal Events of the Week
Briefly Sketched for Information of Our Readers.

A large number of cattle feeders from Umatilla, Wasco, Gilliam, Baker, Wallowa and Union counties met at La Grande to attend the first annual cattle feeders' convention.

The law enacted at the 1919 session of the legislature providing for a tax of 1 cent a gallon on gasoline and 1/2 a cent a gallon on distillate sold in Oregon has returned to the state up to March 1, 1920, proceeds totaling \$390,912.22, according to a report prepared by Sam A. Kosar, assistant secretary of state.

John L. Rand, attorney of Baker, will be appointed a member of the board of higher curricula to succeed A. G. Beals of Tillamook at the expiration of the latter's term. Other members of the board are Jonah B. Wise, Portland; Charles A. Brand, Roseburg; J. E. Hedges, Oregon City, and C. J. Smith, Portland.

Forty head of purebred Hereford cattle were sold at La Grande Saturday at public auction by Andrew and Garrett Blokland. The bidding was very low, probably due to the bad weather which prevailed. Bidders from Union county, Bend and Baker bought the stock, the total amount raised by the sale being \$10,880.

Governor Olcott, acting upon a report from Dr. W. H. Lytle, state veterinarian, that a contagious disease of sheep known as scabies exists in practically all states outside of Oregon, issued a proclamation abrogating the present quarantine and making more drastic the regulations attendant to the shipment of these animals into the state.

Two new sawmills will be erected in the upper Willamette country south-east of Eugene at once. E. E. Smith and associates, under the name of the Oakridge Lumber company and who recently bought 7,000,000 feet of government timber on Salmon creek above that town, have bought the machinery for a mill of 35,000 feet capacity. The other mill will be erected by the Edwards Lumber company at Landax and this plant will have a capacity of 35,000 feet.

Purchase of Swan island and removal of the west half of it from the river; closing of the present crooked, dangerous east channel and the creation of a straight west channel 1600 feet wide, together with the construction of a gigantic mole on the east side of Swan island, providing terminal and dockage facilities superior to those of any other city on the Pacific coast, form the salt features of a \$10,000,000 harbor development plan submitted to the Portland city council by a committee of fifteen.

Eighteen thousand acres of Indian lands in the Umatilla Indian reservation will be leased upon sealed bids on May 8. Announcement of the availability of this land for lease has been made by E. L. Schwartzlander, superintendent of the reservation. There are about 208 parcels in the offering. Not more than 800 acres can be leased to one person. The rules under which the land is leased also provide that two year leases only will be expected except when both parties agree to a four-year lease.

Fourteen cents a pound is being offered by Salem buyers for the strawberry crop for 1920, according to announcement. Several contracts at this price have been executed while other growers are said to be considering the offer. It is said that the product is for shipment to eastern markets for use of a fruit juice corporation. The loganberry situation remains unchanged and quite a number of contracts are being written at 12 cents a pound. Salem canners are meeting with considerable opposition this season, a number of outside buyers being on the ground at the present time.
