Political Announcements

FOR JOINT SENATOR

I seek the republican nomination for joint senator for the twenty-second Senatorial District at the coming primaries.

If nominated and elected I promise to the District an honest service and will take my oath of office unpledged to any person or interest.

I am a liberal and not a reactionary or radical; and especially so as to public expenditures. Economy should mean thriftness. Public expenditures demand areasonable promise of material and social benefit. Irrigation and drainage under special assessments; good roads; protection of grazing lands and of the public range for the good of the livestock interest as a whole; betterment of mail service; improvement of facilities of branch line railroads; are among the important local needs. Rods and postal service in country districts are the only visible returns from taxation, and the burden of taxation should be fairly equalized through these means.

On the foregoing statement I ask the support of the republican voters.

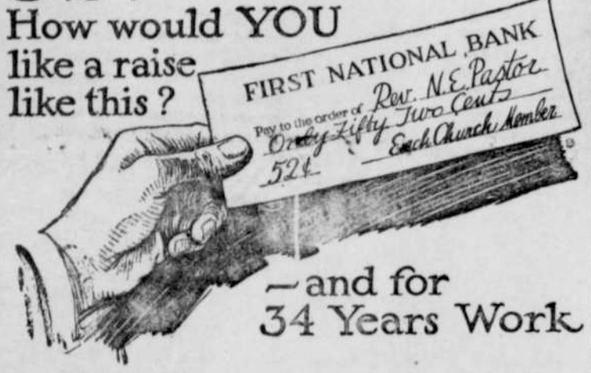
How would YOU like a raise like this?



—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more *per church member* than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than $20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do *you* contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

UNITED STATES DEBT CUT 705 MILLIONS

Washington.—A reduction of $705,600,000 in the national debt, according to a report by the treasury, was accomplished in March. The national debt now stands at $24,698,000,000.

March payments on the public debt were confined almost wholly to retiring certificates of indebtedness issued in anticipation of income and profits taxes.

As the public debt now stands it is made up of $15,616,800,000, comprising the four issues of liberty bonds; $4,422,700,000 of victory short-term notes; $2,667,220,000 in treasury certificates; $870,000,000 in war savings certificates and approximately $1,000,000,000 in bonds issued prior to the world war.

Future monthly reductions will hinge largely on new appropriations and tax legislation, officials said.
