PUTTING OFF 'TIL TOMORROW Means Suffering Next Winter!

Putting off 'til tomorrow is the cause of all fuel famines. Last minute orders for fuel mean a shortage because the demand is greater than the supply. Last fall and winter we could not fill a tenth of the orders for wood, so great a volume flooded our office.

Our supply of wood is now large. You can place your order today and insure yourself enough for any emergency. By pooling your order with your neighbor you will get quick shipments and it will be easy to handle. A carload is only 16 cords, and many people find they can use this much themselves.

Our yard manager will gladly give you any information regarding prices of wood. Make arrangements to order your wood right away. When the cold winds howl outside your house next winter your snapping, crackling, cheerful wood fire will more than repay you for your forethought.

AT NYSSA YARD
A Full Car Costs \$60
A Half Car Costs \$30
 We guarantee each car to contain 16 full cords.

FOR JOINT SENATOR
I seek the republican nomination for joint senator for the twenty-second Senatorial District at the coming primaries. If nominated and elected I promise to the District an honest service and will take my oath of office unpledged to any person or interest. I am a liberal and not a reactionary or radical; and especially so as to public expenditures. Economy should mean thriftiness. Public expenditures demand reasonable promise of material and social benefit. Irrigation and drainage under special assessments; good roads; protection of grazing lands and of the public range for the good of the livestock interest as a whole; betterment of mail service; improvement of facilities of branch line railroads; are among the important local needs. Roads and postal service in country districts are the only visible returns from taxation, and the burden of taxation should be fairly equalized through these means. On the foregoing statement I ask the support of the republican voters.
