

OWYHEE

(BY OUR REGULAR CORRESPONDENT)

(Last week's items—came to late) Mr. and Mrs. J. F. Ford, of Caldwell, visited Sunday with Mrs. Ford's brothers, W. W. and George Smith and families.

Mr. and Mrs. Chas. Bradley and family visited with the Matthiesan and Pratt families at Emmett Sunday.

Miss Mary McGinnis went to Ontario Tuesday to have some dental work done.

The Owyhee Ditch sustained a bad break this week, badly flooding the Schweizer ranch.

Chas. Bradley has put a pumping outfit into the Owyhee Ditch with which to pump water up to 20 acres on the hill which he has put under cultivation this year.

W. W. Smith made a business trip to Ontario Monday.

Mrs. George Glasscock and children and Mrs. E. F. Pratt motored to Adrian Tuesday. Mrs. Glasscock is getting to be "some motorist," having recently learned to run the chevrolet alone.

Mr. and Mrs. D. P. Pullen and family were Nyssa visitors Wednesday.

E. F. Pratt and George Lytle left for Irenaide, Thursday.

Owyhee, Warren District and Kingman Colony were well represented at the meeting of those interested in progressive education presided over by State Superintendent of Public Instruction J. A. Churchill at Ontario last Monday. Among those who attended were Mr. and Mrs. Wm. Beam, Mr. and Mrs. Patterson, Mrs. Maxwell, Mrs. W. B. Napton, Mrs. T. M. Lowe, Mrs. Valna Rogers, Mrs. C. Morton, and Mrs. R. R. Overstreet. The meeting with Mr. Churchill was reported as being very interesting and instructive, Mr. Churchill urging very strongly that Oregon voters support the following educational taxes: College Millage Tax 2 Mill Elementary School Tax, Adult Blind Educational Tax and Soldier, Sailor and Marine Vocational Training Tax. He states that all the schools, both high and low, under the present system are so short of funds that they will be obliged to turn away hundreds of students owing to lack of funds unless the voters of the state rally to the support of these measures to provide the necessary financial aid. Vote for all four of these educational measures for we cannot afford to have Oregon fall down in the line of education.

Mr. and Mrs. Ray Cantrell and daughter Dottie Bell, and Mr. Jones, recently of Kentucky, were guests to dinner at the E. F. Pratt home Sunday.

H. Walters was an Owyhee visitor the first of the week.

Elmer and Clarence DeBord, of Finley, North Dakota and Cumberland, Wisconsin, respectfully, arrived in Owyhee last Thursday for a short visit with their brothers, F. L. and H. C. DeBord. Elmer DeBord is a recently returned soldier from France where he served in the trenches, having spent two months in hospital on account of a wound in his knee. Both young men have come with the intention of locating here if they like it.

Louis, Elmer and Clarence DeBord went to Momedole Sunday for a visit with their brother Hugh. Clarence obtained work and remained over there for a time.

Don't forget the ice cream social Friday night.

Poles Rout Russians.

London.—Continuing their smashing offensive northeastward, Polish troops under General Pilsudski have broken the Russian lines over a wide front and captured 10,000 prisoners and hundreds of guns, according to a Central News dispatch from Berlin.

Burn, Oregon, May 4, 1920.

To the Voters of Malheur County, Oregon.

CHARLES W. ELLIS of Burns became a candidate for the Republican nomination for State Senator at the urgent request of a large number of the prominent Republicans and business men of Harney County, and we appeal to you to support Mr. Ellis at the coming election.

We have found Mr. Ellis to be a man of high ideals, an excellent lawyer, ambitious and energetic, and above all a man of good judgment in business and county affairs. He is proper timber for this office.

Harney County has not been directly represented in the State Senate for twenty years. Having brought out a candidate well qualified for the position we feel confident that in the interest of fairness Malheur County and Grant County will support Mr. Ellis and divide the district offices equitably.

Malheur County has all three district offices at this time—Circuit Judge, Senator and Representative. We ask for the Senatorship, the first in twenty years. Isn't our request reasonable and fair? We are confident you will agree with us.

Electric Ranges Revolutionized Cookery

From the time that our forefathers cooked over open fireplaces, improvements in the methods of cooking have been devised. This progress has been constant until today we have perfected the electric range.

Cooking has been work—hard, unpleasant work, attended by inconvenience, uncertainty, loss of time, uncleanness, waste and risk. But those conditions have been supplanted in thousands of homes by the cheery, bright and easy way of cooking—the way of the electric range.

And—but we will until you call, for there are many things you'll want to know about these splendid ranges. And remember we also have a full line of electrical appliances.

SALVATION ARMY TO SERVE ALL OREGON

Business Men of Every County Join With Corps Officers to Extend Helping Hand.

A service born of service by men and women whose lives are dedicated to that service, a service not for gain, for it pays its workers poorly, is to be placed at the disposal of even the smallest community in Oregon through the expansion of the Salvation Army Home Service Program for 1920.

Since its splendid service among the American troops abroad brought to the attention of the home folks the kind of work the army has been doing quietly in the slums of the larger cities, demands from all quarters have flooded in upon the army until it has been forced to double and treble its efforts.

It has been compelled to expand beyond city lines and extend its service to the remotest districts of the state. And in these out of the way places the army is solving one of the greatest economic problems, handling at their source and preventing many of the ills that result from poverty and wrong teaching.

In every county of Oregon one and sometimes two advisory boards have been formed of business men and citizens of those counties. These men are constantly in touch with their communities and judge when and how best the Salvation Army can be utilized to serve the citizens of that community. A word to headquarters brings the Salvation Army worker to take care of the man or woman, boy or girl whose misfortunes have overwhelmed them.

In the rescue and maternity home in Portland the unfortunate girl mothers of Oregon find a refuge and sanctuary.

In the boys and girls home to be established at Yamhill the life of the neglected child is shaped and the boy or girl prepared to go out into the world and win his or her own way.

In the industrial home in Portland many derelicts are made over into self supporting men and women who are no longer a charge upon their county but an asset to their community.

In the relief branches of the work done by the army many cases of poverty and sickness are handled annually. When the call for help comes there is no investigation of the worthlessness of the subject. Help is given and investigation made afterwards.
