For Assessor.

I hereby announce myself as a candidate for assessor on the Republican ticket. Being a resident of Malheur county for 14 years and a tax payer, I consider the office of assessor one of the important offices of the county.

If elected as your assessor it will be my endeavor to place conservative values upon taxable property of the county, so apportioned that each class of property will pay its just proportion of the taxes.

I have no radical notions relative to assessment, or the performance of the performance of the duties of the office, but believe the work of the office should be done on a business basis, having in mind economy and fairness to all classes.

Yours very truly,

H. L. POORMAF,
A fair, conservative valuation of all classes of property. Paid Adv.

Why Men Like to Buy --- Here

MEN are more or less fixed in their habits of buying. They don't seem to enjoy shopping around from store to store before making a purchase.

On the other hand they like to walk into the store of their choice and get what they want at the right price.

That's the way it should be and that's the way you'll find it when you come to our store. You'll get the lowest price at which it's possible to sell good merchandise.
