

Straight talk on Cream Separators by Nyssa Trading Co. Nyssa, Ore.

WE will gladly take a new De Laval Cream Separator out to your place, set it up, and show you how simple it is to operate and care for.

It will prove by its performance that it skims clean even under unfavorable conditions; that it is easy to turn and easy to clean.

It will also demonstrate that it pays for itself in less than a year because of the cream it saves—that it saves nothing of the labor and time it saves.

If this demonstration is desired stop in next time you are in town or send us a letter or call us up on the telephone

Sooner or later you will buy a **DE LAVAL**

MANY NEW HOMES IN AND NEAR NYSSA

Town and Country People are Fast Building New Homes

It seems to be a race between the town and country folks in home building this year—so far the country folks are a few paces ahead. The country home list, within a mile of the limits just recently being built are: Geo. P. Ward, C. C. Hunt, H. R. Sherwood, and P. Laird. These are all homes the community as well as the owner can well be proud of and each place shows a mark of tip top architecture and workmanship. There are a number of other beautiful houses a little farther out which were erected during the past few months and still there is a shortage of houses in this part of the country.

If you are not on home builders' list, you are not altogether out of date but a little behind the times. Buy your lot and start the home building as it is for everybody needs a home. Following are three good examples to look at and they won't care if you take a pattern from them:

Mr. Servos will soon have his new home ready to occupy, and his own skilled workmanship is being exhibited in one of the nicest homes in the city.

It is a question as to whether the carpenters or the painters will complete their jobs first on the beautiful new dwelling being erected for D. W. Gibson. The carpenters on the job are: Mr. W. B. Hoxie and Mr. Dalton.

We can not say too much about the nice things we see in our home town—for instance, the well arranged new dwelling of Brown and Christensen—it is the most up to date, modern house in Nyssa and when completed will have about everything the housekeeper will need—even to the ironing board built in the wall.

GETTING READY

C. W. DeBoer, the retired Nyssa Meat Market man is building a cage on his ear. We don't know whether he is preparing for the "Ship by Truck" business, or getting ready for the 4th of July celebration to be held in Ontario this year. But we know he is doing all this while he is resting. No wonder he needs a rest; his successors Anderson & Burbridge are both working long shifts and they are both aching with the rush of business.

An Enjoyable Time

Yes, the dance given by the L. D. S. last evening at the opera house was attended by folks from as far as Nampa and everyone who attended the dance report a most enjoyable time from early in the evening till about 12:30 this morning and they hope that such a time may come again soon.

CAMPAIGN EXPENSE INQUIRY IS STARTED

Washington.—A senate investigation of the pre-convention campaigning expenses and pledges of presidential candidates has been started. Acting under the Borah resolution adopted by the senate, the election committee authorized a subcommittee to take up the task and Senator Kenyon (Republican, Iowa) was named chairman. Telegraphic reports were sent to the campaign managers of leading candidates to attend the sessions which began here Monday.

Senator Kenyon's associates in the work, as named by Chairman Dillingham of the election committee, are Senators Spencer of Missouri and Edge of New Jersey, republicans, and Senators Reed of Missouri and Pomerene of Ohio, democrats.

Senator Kenyon announced that the investigation was not aimed at the support or opposition of any candidate, but that it would be pushed to a conclusion before the conventions, if possible, with the object of determining if there was need for legislation to prevent corrupt practices.

BRIEF GENERAL NEWS

Thousands of dollars worth of damage to crops in Linn and Benton counties, Iowa, was caused by a cloudburst. The forty-five million dollar soldier bonus bill passed by the New York legislature was signed by Governor Smith.

Approximately 400,000 new members were obtained last week in the American Legion nation-wide campaign for increased membership. General Alexis Brusiloff, Russian military leader, has assumed virtually supreme control in Russia, as far as military affairs are concerned, according to reports.

The National Preservers' and Fruit Products association has announced that its members will stay out of the sugar market until the price of sugar comes down from its present high level.

Influenced by the nation-wide price-raising agitation that is steadily gaining ground, the principal commodity markets of the country continued to "mark down" quoted values. Cotton, sugar and corn options broke violently. Plans for financing preliminary investigation work on the Columbia Basin Irrigation district project, comprising about 2,000,000 acres in the Big Bend country in Eastern Washington, were discussed by financiers and business men of Seattle, Spokane, Tacoma and Portland at a meeting held in Portland.

Legion Would Readopt Orphans. Indianapolis, Ind.—The American Legion has inaugurated a campaign for the readoption of approximately 3000 of the more than 3700 fatherless French children whom the American expeditionary force cared for during the war.

JOHNSON WINS IN OREGON PRIMARY

Portland, Or.—Hiram Johnson apparently carried Oregon in the contest for the Republican indorsement for the nomination for president of the United States in the Oregon primary elections by a narrow plurality. While the returns point to Johnson as the choice of or plurality choice of Oregon republicans, there is a bare chance that the indications may be upset or the final result postponed until the final canvass or official canvass has been made.

Lowden ran a poor third, behind Wood and Hoover was fourth, just behind Lowden.

Senator Chamberlain was renominated by the Democrats for the United States senate by a vote of almost two to one. In all parts of Oregon Senator Chamberlain ran far ahead of Harvey G. Starkweather.

R. N. Stanfield, was nominated by the Republicans by a vote of much more than two to one over Abraham.

Portland Has Big Fire.

Portland, Or.—Damage estimated at between \$500,000 and \$1,000,000 was wrought by a disastrous fire which completely destroyed the plant of the North Portland Box company and the wooden shipbuilding plant of the Standifer corporation in the industrial district below Kenton Sunday. Destruction of the entire district of industrial plants was narrowly averted.

Cigarette Blamed for \$300,000 Blaze. Twin Falls, Idaho.—Fire, supposed to have been started by a discarded cigarette, destroyed more than half a business block here, causing a loss of approximately \$300,000.

ARMENIA CHARGE ACCEPTED

United States Will Act As Boundary Arbitrator. Paris.—Ambassador Wallace informed the council of ambassadors that President Wilson had announced that the United States would accept the role of arbitrator in fixing the boundaries of Armenia.

The council of ambassadors have discussed the contention of the Germans that war material destroyed by them remained their property. It was decided that armaments, whether destroyed or delivered to the allies, according to the terms of the treaty, must be considered allied property.

The peace treaty with Hungary, it was decided by the council of ambassadors, will be signed in the Grand Trianon palace at Versailles June 4.

American Tourists Crowd Paris Hotels. Paris.—Great difficulties are being encountered by Paris hotels in providing accommodations for the thousands of American tourists who are flocking to the city.

PROMINENT FOLKS TESTI

Sacramento, Calif.—"For years I had indigestion badly. I had no appetite, was no good as I had so many different remedies without any help. I tried Dr. J. Golden's Discovery cured me, only two bottles. J. P. CULLEN"

AFTER INFLUENZA Heart and Circulation

Baker City, Oregon—"I was with influenza January 4th and a nervous breakdown. My stomach did not retain any food for four weeks and I was troubled with gas and sourness. I doctored with favorite doctors and a Chin who said my nerves were so bad that I was on the verge of being crazy. My heart was bad and I had had that my limbs were almost paralyzed. One day I sent for a copy of Dr. Common Sense Medical Advice. I read and decided to make a trial of Dr. Pierce's medicines. At that time I was only able to stay up a few minutes. After taking two bottles I was able to be on my feet all day. I was able to eat anything without discomfort and never have the dizziness in the morning nor any bowels. The 'Pleasant Pellets' and the 'Discovery' according to directions the salt baths as directed in the Advice were all I used. I walk blocks at a time now and feel fine. I will always recommend Dr. Pierce's medicines."—Mrs. Wm. HOGGA Church St.
