Rice Terraces Are World's Masterpieces

This is a photograph of the Ifugao (gorrot) rice terraces, which are among the most remarkable of their kind in the world. They are one of the many marvelous sights for the tourist to see in the Philippine Islands and are to be found in the Ifugao district of the Mountain province, Northern Luzon. The height of these terraces, which are held up by stone walls, is from 4 to 15 feet, averaging 8 feet high. It is estimated there are 12,121 miles of eight-foot stone walls in the Ifugao terraces, which is approximately half the distance around the world. These terraces are skillfully irrigated by water brought in troughs along the precipitous mountain sides over long distances.

Too Precious to Part With. New paper guilder currency recently issued in Java by the Javasische bank was so admired by the Chinese and natives when first issued that it was hoarded. The notes were printed by an American company, and include 2 1/2-guilder and 1-guilder denominations. They were intended to relieve the present scarcity of silver coins.

LOST—Two horses: one dark sorrel 8 years old, branded on left side with bar over L, knees out a little in front; and the other one an old gray mare with halter on when she left. Finder please notify C. L. Carson, Ontario, Ore. 33-21**

"Give" and "Get." The two little words "give" and "get" sum up the differing creeds of earth and the ambitions of mankind. Those who are eager to bestow, to enrich the world around them, to bless, to help, to uplift, constitute the one class. The other crowd grasps everything for self, only its own.

FOR SALE—3-year-old mare with colt by her side, has been worked a few times, will make a 1700 pound mare. Inquire Gate City Garage. 33*

Hooped Pots and Jack Cade. In the Middle Ages in England many drinking pots were made with hoops so that when two or more persons drank from the same pot or tankard no one of them should take more than his share, each hoop marking a half, a third or a fourth of the contents of the pot, according to its make.

Traits of the Grizzly. The grizzly rarely hibernates, preferring to prowl the forests in the winter months. He is a meat eater, as well as being fond of honey, roots and eggs. He usually kills his own food. Two cubs come to the mother bear in her den among the rocks, and she is insanely courageous in defense of them.

New Glazing Device. A new glazing device squirts the putty into place under the pressure of the hand. It has the appearance of a grease gun, used for filling automobile grease cups. It is secured to the wrist and guided by the hand, which also controls the flow of putty.

SALVATION ARMY OPENS STATE RESCUE HOME FOR UNFORTUNATE GIRLS OF OREGON

Salvation Army Rescue Home and some of its babies. The Salvation Army, as one of the big features of its Home Service Program for 1920, has taken over and opened the White Shield home in Portland, where, under the most pleasant surroundings, with expert medical care the young mother is helped to shape her life anew. Last year, in the Salvation Army sanctuaries as this, 1919 girls turned from the nightmare of despair to the homes they left in their shame and through the offices of the Salvation Army workers, were welcomed and their burdens lightened for them. The score of babies whose mothers are sheltered under its roof and taught how to go out into the world and win a clean living for herself and her baby.

FROM FORTY-FIVE TO SIXTY

Word of Help to Women of Middle Age From Mrs. Raney.

Mrs. Raney. "When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law are all well. Had your Vegetable Compound and I still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Acid Stomach Makes the Body Sour Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the health-destroying effects of an acid stomach. Good news for millions of sufferers. Chemists have found a sure remedy—one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well. Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folk who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its selling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

Honey Yield Higher. The average yield of surplus honey in 1919 was 50 pounds to a colony of honey bees, as estimated by the bureau of crop estimates, United States Department of agriculture. This is considerably above average of 45 pounds in 1918, and of 41 to 50 pounds for the five years 1912-1917. The relative proportions in which the honey of the last two years was marketed are indicated by 69 for extracted honey, 31 for comb honey and 10 for bulk honey. About one-third of the product goes to "outside" markets.

Get Back Your Health Are you dragging around day after day with a dull headache? Are you tired, and lame mornings—subject to headaches, dizzy spells, and sharp, stabbing pains. Then there's surely something wrong. Probably it's kidney weakness! Don't wait for more serious kidney trouble. Get back your health and keep it. For quick relief get plenty sleep and exercise and use Doan's Kidney Pills. They have helped thousands. Ask your neighbor!

An Idaho Case Frank Kenney, 89 River St., Wallace, Idaho, says: "My kidneys were out of order and the sensations were too frequent in passage. My back ached constantly through my kidneys. Hearing about Doan's Kidney Pills I got a box and they helped me so much I went away I kept on taking them until I was cured of the attack."
