

## CHICAGO RACE RIOT OVER BURNING FLAG

Whites Resent Desecration  
Of American Colors By  
Negroes.

Chicago.—Two white men were killed and several negroes, including a negro policeman, were wounded Saturday night in a riot in the heart of the south side "black belt" following the reported burning of an American flag by a band of negroes who were said to have paraded in the interests of a "back-to-Africa" movement.

The trouble occurred at Thirty-fifth street and Indiana avenue, near the scene of last year's race riots, in which more than 30 whites and blacks were killed and hundreds injured.

The burning of the flag was reported to have taken place when the parade of blacks disbanded preparatory to entering a hall, where a meeting had been called by an organization which was reported to advocate the movement of negroes back to Africa.

A bonfire was started in the middle of the street. Then some one tossed an American flag in the fire. A throng of negroes and whites gathered. A party of jackies pushed its way to the fire, indignant at the burning of the flag. They tried to recover the flag. James B. Owens, a negro policeman, ran in brandishing his revolver. There was a volley of shots. A Jackie fell dead, and policeman Owens was stretched on the street with a bullet through his abdomen. The crowds ran for shelter.

Lying not far from the blue jacket was Joseph Hoyt, 59, a salesman, who was killed by the volley that killed the sailor.

The police investigators asserted that "the back to Africa" paraders were Abyssinians and carried a flag of green and yellow.

## SEVERAL KILLED IN LONDONDERRY RIOT

Londonderry.—Five persons were killed, ten others seriously wounded, several of them probably fatally, and about 100 others were less seriously injured during desperate rioting here Saturday night.

The fighting was accompanied by several attempts to incendiarism, one of which resulted in the burning of a large store.

The rioting was a continuation of Friday night's disorders, when nationalists and unionists engaged in clashes for several hours, and the military had to be called out.

An unrecorded number of persons suffering from minor wounds went home without receiving treatment.

The nationalists did not seem to be provided so well with weapons as their opponents, but they maintained a vigorous defense.

## PROPOSE LARGE WOOL FUND

Steps are Taken to Make Chicago America's Center.

Chicago.—Steps to make Chicago the Wool center of America were taken here at a conference of wool growers and bankers, with the decision to name a committee to place the question before officials at Washington.

Under the proposition approved by the meeting, which was called by representatives of the American Wool Growers' association, the movement of the wool clip for 1930 would be financed by Chicago bankers, which would require \$100,000,000 annually. Heretofore this has been done by Boston banks, which have been compelled, it was said, to relinquish their financial support due to demands for funds from other sources.

Victory Medals to be Sent Out.  
Washington.—Distribution of 4,765, 600 Victory medals to members of the army, navy and marine corps who were in service between April 6, 1917, and November 11, 1918 will begin Monday.

Colby Won't Take Chair at Convention.  
Washington.—Bainbridge Colby, secretary of state, declared in a statement that he was not even "a receptive candidate" for permanent chairman of the Democratic national convention.

Allens From West Departed.  
New York.—A carload of allens listed as undesirable and anarchists recently received from Oregon, California, Idaho and Illinois, were deported on outgoing vessels here.

## "More School Troubles"

We are all very anxious to begin work on the new school building in order to be completed for occupancy this fall and with building conditions as they exist the time is already limited. However, to date, the school board has been unable to place the school bonds. The State Law reads: "In no case shall school bonds be sold for less than par." The State Land Board, due to temporary lack of funds, is unable to take up the bonds but most probably will be able to do so within the near future. This however, does not relieve conditions, as we must have the funds before beginning work.

It is up to some good citizen or group of citizens to offer temporary financial assistance until the State Land Board can relieve the situation; otherwise we will be most badly congested for school room this fall. Where are those good citizens who will assist us?
