PREFERS INDEPENDENCE TO HIGH POSITION

The Democratic party of the Philippines will join the Nacionalista party, which is now in power, in the demand for immediate independence of the Philippines, Senator Teodoro Sandiko, only member of the Democratic party in the Philippine senate, said in an address at a luncheon at Manila. This

Hon. Sergio Osmena, noted Filipino leader, who stated he would prefer to be humblest citizen under independence than leader under another country.

means that all political parties in the Philippines are united for independence.

The luncheon was given for members of both houses of the Philippine legislature by former Senator Gabaldon, recently chosen resident commissioner at Washington.

Sergio Osmena, speaker of the Philippine house of representatives and head of the dominant Nacionalista party, who was recently termed "the greatest Filipino since Rizal," addressing Senor Gabaldon, said:

"We urge upon you in your capacity of resident commissioner to the United States to tell Congress and the people of that noble country that we who are gathered here today would prefer to be the lowest and humblest citizens of the Philippines with independence in our hands than the leaders that we now are in our country under the tutelage of another country."

URGE EXAMPLE OF SELF-DETERMINATION

That friends of Irish independence in the American Congress could make a more effective impression on Great Britain by granting Philippine independence than by merely expressing sympathy with Irish aspirations is the suggestion contained in a statement issued by the Philippine Press Bureau of Washington, D. C.

"Twice in a period of nine months," reads the statement, "the United States Senate went on record as being in sympathy with the aspirations of the Irish people for a government of their own choice."

"Still another way for the friends of Irish independence in the American Congress to make an impressive argument would be to grant the independence that the 10,500,000 inhabitants of the Philippines have repeatedly demanded. America's own representatives in the islands have officially reported they are ready for independence and have recommended that such independence be granted.

"We submit that the granting of Philippine independence would be likely to be accepted by Great Britain as even stronger proof of America's belief in self-determination than the passage of the Irish resolutions, because Great Britain's councillors of state could not then successfully make the point that the American Congress is asking Great Britain to do something the United States itself has been asked to do and has not done.

"The Filipino people have confidence in the word of America and hope that now that the Senate has reiterated its sympathy with the principle of self-determination it will give Great Britain and the other powers of the world a concrete example of consistency and good faith by granting Philippine independence."

YOUNG FILIPINO WON FRENCH WAR CROSS

Gregorio Callies, a Filipino, recently returned to his Philippine home wearing a French uniform and a Croix de Guerre with palm. Callies in December, 1916, arrived in France and enlisted as a private. He made an excellent record as a soldier. At one time when all the officers of his company had been killed, he took command and led the men in a charge. He was decorated for this act of bravery by the French Government.
