Senator Harding having once played a trombone it may be expected that his campaign will be high-toned.

Oftentimes a good cause is injured by an egotistic promoter who puts too much emphasis on the "I" in ideal.

Of what intrinsic value is a creed, in religion or in politics unless it exert helpful, uplifting influence upon humankind?

There were several persons in this community who were not sufficiently excited over the big yacht race to lose any sleep over it.

Heaven is paved with good intentions put into practice. The other place is asphalted with good intentions that were not put into effect.

The Chautauqua idea evidently is taking hold in Nyssa. The entertainments just closed were the most successful in point of attendance of any that have been held here and the interest shown augurs well for those of the future. A Chautauqua company of higher talent and cast has been secured for next year, which is all that is necessary to make it a success, as Nyssa people will go the limit in its support if it delivers the goods.

The 1920 census shows very few decreases in population of towns or counties. Substantial increases are the rule, in several instances the gain being several hundred per cent. Oregon as a whole is increasing rapidly in population and is developing proportionately.

Every worker should be paid fairly and adequately for his services. And for fair, adequate pay, the worker should give an honest, full day's labor. In other words, the square deal principle should be observed both by employer and employe in every line of industry.

A \$20,000 alfalfa meal mill will mean a big boost for Nyssa. W. G. Cathey, who is establishing the industry here without blare of trumpet or beating of tom toms, can be considered one of the Gate City's most enterprising and valuable citizens.

Villa Loans to Be Paid.
Eagle Pass, Tex.—All personal loans obtained by Francisco Villa, bandit leader who recently surrendered to the Mexican provisional government, will be paid by the government, it was learned unofficially here. The loans amount to \$40,000 Mexican. Villa is said to have given receipts for all the loans he obtained and these will be refunded upon presentation of the papers to the government by the claimants.

Coal Strikers Ordered to Work.
Indianapolis.—In compliance with the wishes of President Wilson, John Lewis, president of the United Mine Workers of America, issued a mandatory order instructing all miners on strike in Indiana and Illinois to return to work immediately to permit the normal operation of the mines.

Ask Amnesty For Political Prisoners.
Washington.—Officials of the American Federation of Labor will press their plea for general amnesty for political prisoners next week, according to a federation announcement. Attorney General Palmer has been asked to receive a delegation of labor leaders, headed by Samuel Gompers.
