

Was Discouraged

Last 65 Pounds in Weight and Had to Give Up Work. Has Been Well Since Using Doan's

"Being exposed to extreme heat when working as an engineer, and then going outdoors to cool off, caused my kidney trouble," says Karl Goering, 8313 N. Oakley St., Philadelphia, Pa. "In cold weather and when it was damp, my joints and muscles would swell and ache, and often my limbs were so badly affected that it was only with great misery I was able to get around. For a week I was laid up in bed, hardly able to move hand or foot."

"Another trouble was from irregular and scanty passages of the kidney secretions. I became dull and weak and had to give up my work. Headaches and dizzy spells nearly blinded me and I went from 265 to 200 in weight. Nothing helped me and I felt I was doomed to suffer."

"At last I had the good fortune to hear of Doan's Kidney Pills and began taking them. I soon got back my strength and weight and all the rheumatic pains and other kidney troubles left. I have remained cured."

ART SHOWS PART OF U. S. IN WAR

Pictures by American Painters Tell Story of Expeditionary Force's Activities.

GRIM REMINDER OF TRAGEDY

Among Scenes Depicted Are Ruined French Villages Made Sacred Forever to Americans Because of Lives Given to Save Them.

Washington.—The story of the American expeditionary force is told in pictures on the walls of the National museum here in a permanent exhibit just opened to the public.

Drawn from life in paint, pen and ink or pencil by American artists commissioned and sent to the front for that purpose, the collection of nearly 500 studies detailing almost every phase of life in the army overseas is spread over the walls of half a dozen great, well-lighted rooms. It is a tale of stirring action which they disclose.

Among the scenes depicted are ruined French villages made sacred forever to Americans because of American blood freely given to tear them from German hands. There are the homely, appealing scenes from behind the lines with happy-go-lucky youngsters of Pershing's division in billets mixing among the people of France, the very old and the very young people.

Here and there are grim reminders

"Liberty Brings Peace"

Mr. Henry K. Bush-Brown, a prominent District of Columbia sculptor of more than local reputation and former president of the Washington Arts club, beside his statue which he calls "Liberty Brings Peace."

of the great tragedy in groups of huddled dead in wrecked enemy trenches over which the tide of victory had poured. Again, half glimpsed through a downpour of rain, a trudging, sodden infantry column is moving onward through a sea of mud as the artist saw it; or an endless line of weary gun teams drags forward the batteries to blast the road to triumph.

At one point the artist caught and

held for his fellow countrymen the breathless tenacity of a forest outpost peering through the leafy screen of his covert toward the enemy lines, his rifle hugged close, with finger clinched over the trigger; at another a slash of light from a half-opened door has painted on the screen of night just a hint at a column, tramping or toward battle, just a young face or two in the line—wary, dirty, but with jaws grim set with purpose. Again it is a hospital that has gripped the artist's imagination, a twisted, writhing form under the tumbled blanket, with agony in every line and over it the steady-eyed surgeon or the merciful figure of an army nurse.

War Implements Displayed.

In rooms around the picture display are shown all the countless things with which the army and the navy dealt in the war; the guns, the bombs the uniforms of ally and enemy alike captured weapons and German war gear of many kinds. These form a striking setting for the epic tale the war artists have pictured, probably the only such record ever assembled, for it began with the army and runs to the departure of the homeward transports at the close.

Artists who made the pictures, all of whom held the rank of captain in the American expeditionary force, include Wallace Morgan, Ernest Peixoto, Julius Andre Smith, Harry E. Townsend, Harvey Dunn, Walter J. Duncan, all of New York city; William J. Aylward, Fairport, N. Y., and George M. Harding, Wymewood, Pa.

1,362,872 FRENCH KILLED

Final Figures Given on Tricolor's Total Dead in the Great European War.

Paris.—Final official statistics of the ministry of war fixes the total number of French soldiers killed during the great war at 1,362,872. Of this number the details of the fate of 361,854 are unknown.

Reduction of military service to less than two years is impossible at the present time, said M. Lefevre, minister of war, while explaining the main points of the projected reorganization of the army to the military committee of the chamber of deputies.

Use of French troops in the orient was discussed by the minister, who declared that forces now in the near east numbered 70,000 men, most of the organizations there being colonial regiments.

Must Wed to Get Wealth.

Valparaiso, Ind.—By the terms of the will of Edgar D. Crumpacker his son, Owen L. Crumpacker, a local attorney of this city, is to receive \$500 additional, providing he marries. The younger Crumpacker also will receive a large law library which belonged to his father, who was for years representative in congress from the Tenth Indiana district. He left a large estate, of which a large part consists of land bordering along Lake Michigan, in close proximity to the steel mills of Gary. The local attorney is a bachelor.

Air Mail Men Make Record

Planes Fly Total of 54,693 Miles in Month of May, Says Official Report.

EFFICIENCY IN OPERATION

New York-Washington Route Shows 88 Per Cent and Chicago-Omaha Route the Same—Newark Field Delays Two Routes.

Washington.—United States mail planes flew a total of 54,693 miles in May, according to the report made public by Second Assistant Postmaster General Praeger. The average of efficiency on the New York-Washington route was 88 per cent; Cleveland-Chicago, 76 per cent and Chicago-Omaha, 88 per cent.

Only two forced landings were made because of mechanical trouble in either planes or motors. Fifteen others were made because of shortage of gas or oil through combating head winds, four because of weather and seven because new pilots got off their courses.

How Efficiency is Based.

Efficiency in operation of postal airplanes is based on leaving the fields within 15 minutes of scheduled time, on maintaining a speed for 75 miles an hour for Curtiss R-4s and 80 miles an hour for DH-4s and Martin bombers, on the absence or number of forced landings and on making flights without damage of any character to engine or plane in taking-off, landing, taxiing or flying. The rating by fields in May was as follows:

Field	Started on time	Completed on time	Without forced landings	Without damage to planes	Total efficiency
N. Y.-Wash.	85%	85%	93%	100%	93%
N. Y.-Cleve.	81	88	92	98	88
Cleve.-Chi.	77	82	71	80	77
Chi.-Omaha	78	82	91	100	88

Reasons for the abandonment of the field at Newark by the department are indicated in a statement by

West More Chesty Than Eastern States

Washington.—In an effort to secure better fitting uniforms for American soldiers, more than 100,000 men in the army have had their measure taken, the war department announced. The measurements were said to form the most comprehensive survey ever made for tailoring purposes and will be made available to the clothing trade.

The survey has shown what proportion of sizes should be carried for troops, according to the war department, and will enable reduction in the stock of surplus clothing kept on hand to fill requisitions.

Measurements showed that the biggest chested soldiers came from western states, while the smallest chested men were from the eastern department.

Simply Worn Out

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my household. I suffered for months and the doctor said that my trouble was organic, almost and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own household, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."

EATONIC Users—Do This—Get the Greatest Benefits

Chicago, Ill.—Thousands of reports from people all over the U. S. who have tested Eatonic, show the greatest benefits are obtained by using it for a few weeks, taking one or two tablets after each meal.

Eatonic users know that it stops Belching, Bloating, Heartburn, and Stomach Miseries quickly, but the really lasting benefits are obtained by using Eatonic long enough to take the harmful excess acids and gases entirely out of the system. This requires a little time, for Eatonic takes up the excess acidity and poisons and carries them out of the body and of course, when it is all removed, the sufferer gets well, feels fine—full of life and pep.

If you have been taking an Eatonic now and then, be sure and take it regularly for a time and obtain all of these wonderful benefits. Please speak to your druggist about this, so that he can tell others that need this help. Adv.
