WORLD'S POOREST CITY
IS MADE RICHEST
BY TOURIST TRAVEL

From the poorest republic in the world to the richest is what tourists travel did for Switzerland. That little republic practically unknown a century ago is now recognized the world over as a playground for tourists because its scenic beauties were capitalized.

Data showing what the tourist business has done for Switzerland has been prepared by Alfred A. Aya representing the Swift interests in Oregon and turned over to the Oregon State Chamber of Commerce to be used in connection with its state-wide expansion campaign now in progress.

It has a direct bearing on the campaign by reason of the fact that one of the chief arguments being used by the State Chamber is that cities are spending huge sums to advertise their interests along civic industrial lines. In the article prepared by Mr. Aya showing the economic value of tourist travel he says:

"It is estimated that tourists annually spend more than \$750,000,000 in the United States. Of this sum it is estimated Maine and Colorado receive close to \$50,000,000; the New England states close to \$100,000,000; Florida close to \$200,000,000 and southern California close to \$300,000,000—while in 1918 it was estimated that Oregon with scenery second to none in the world received less than \$6,000,000 from this source.

"The best example in the world of the possibilities of the tourist business is Switzerland, with an area of 15,965 square miles, or about one-third larger than Harney county in eastern Oregon.

"The Swiss did not consciously begin development of the tourist business until about 100 years ago, starting with the single guest in the spare room until today the little republic has, according to the latest hotel guide, 959 hotels and doubles its population annually through the tourists. It is said the little village of St. Moritz has few over fifty native population, but 2700 beds for tourists."

Specific cities cited by the State to advertise their possibilities include Chamber that are spending huge sums San Francisco which is now raising a fund of \$250,000; Seattle now engaged in raising \$250,000 and New Orleans which put \$100,000 into an advertising campaign.

RATE ON WHEAT DESIRED

Move to Bring Montana Crop to the Pacific Coast Started.

Olympia, Wash. — Recommendation has been made to the interstate commerce commission by O. O. Calderhead, rate expert of the Washington public service commission, for establishment of an export rate for shipment of the Montana wheat crop to Pacific coast ports, it became known here.

Establishment of an export rate proportionate to the rate to the Atlantic coast would tend to divert cars to the west and assist in relieving the present car shortage, it was said.

Ole Hanson in Court Clash.

Chicago.—The taking of testimony in the trial of 20 members of the communist party ended in flares of feeling from attorneys and witnesses. At one point Ole Hanson, ex-mayor of Seattle, Wash., was led from the courtroom to end a controversy between him and Clarence Darrow, of counsel for the defense.

Prohibition Cuts San Francisco Arrests

San Francisco. — Arrests in San Francisco have been cut nearly in two during the first year of prohibition.

FARMERS PLANNING
TO SELL TOGETHER

Chicago.—Appointment of committees to devise plans for the co-operative marketing of grain and livestock was determined upon at the final session of the American farm bureau federation. The livestock proposal was unanimously approved when the association's committee on that industry recommended it. This action came a few hours after the plan of the grain committee had been received favorably by a majority of the convention.

The grain committee, which will be appointed soon by J. R. Howard, president of the federation, will be a permanent body with headquarters in Chicago. It will investigate existing plans of co-operative marketing as well as suggest new plans. Members of the committee will comprise leading grain producers, grain elevator men and others.

A resolution was adopted directing that efforts be made by the farm bureau to obtain cars to move crops. It also was recommended that freight problems be referred to the federation to obtain uniform freight rates and equal facilities for all farmers.

BRIEF GENERAL NEWS

Heavy property damage was caused by the cyclone which hit North Dakota in the vicinity of Minot.

Following the discovery of a \$10,000 shortage in his accounts while city auditor, Mayor E. A. Bock, of Salt Lake City, resigned.

The formal notification of Governor James M. Cox will be held August 7, at Dayton, Ohio, and that of Franklin D. Roosevelt August 9, at Hyde Park, New York.

A total of 1,340,000 seedlings, principally Douglas fir, were planted on the forests of Oregon and Washington in the fiscal year ending June 30, according to a report by the United States forest service.

Ohio got its third presidential candidate for the 1920 campaign when the prohibition national convention nominated Aaron S. Watkins of Germantown, O., after learning from W. J. Bryan that he would not accept the nomination.

Skipper Sued By Washington Cadets.

Seattle, Wash.—Eight merchant marine cadets from Washington, stranded at Hilo, Hawaiian islands, have brought suit for \$25,000 damages against Captain E. F. Eckhardt, master of the training ship Vicksburg.

Ilwaco Plant Is Burned.

Astoria, Or.—The town of Ilwaco, Wash., faces the necessity of being without light, power or water for an indefinite period as the result of a fire that destroyed the plant of the North Shore Light & Power company.

Western States Lead in Depositors.

Washington.—Three western states, Wyoming, Montana and Idaho, led all others on May 4 in the number of bank depositors, per 1000 population, according to figures compiled by the controller of the currency.

Medford Has Fire Loss.

Medford, Or.—The most destructive fire in Medford's history occurred early Monday morning when Eads brothers' warehouse, in the heart of the city, burned at a loss of \$100,000.

Secretary Roosevelt Resigns.

Washington.—Franklin D. Roosevelt, Democratic vice-presidential candidate, submitted to President Wilson his resignation as assistant secretary of the navy, effective August 5.

Two Dead in Canadian Cyclone.

Regina, Sask.—Two persons were killed, a score injured and property damaged to the extent of \$200,000 in a cyclone which swept the southern part of Saskatchewan.

ROBBER HOLDS UP
CALIFORNIA STAGES

Fresno, Cal. — Four automobile stages en route to the Yosemite valley filled with passengers were held up and the passengers in two of them were robbed of money by a lone outlaw at a point on the mountain highway about a mile and a half from Miami lodge in Mariposa county. As near as could be estimated, the robber obtained about \$350. The robber escaped in the brush and a posse under Sheriff Al Turner of Mariposa county was searching the mountain country.

The robber had thrown a log across the road and when the first stage reached it he suddenly appeared from the underbrush on the mountain side above the road and commanded the passengers to remain in their seats. He was armed with a rifle and had a flour sack over his head.

Tire Treads
Improved 25%

The latest Miller triumph is a super-grade tread. It exceeds the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.

Tread Patented

Center tread smooth, with suction cups to firmly grasp wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

FOR SALE — High grade Jersey bull, yearling past; \$50. Gus A. Schweizer, one mile west of Owyhee school house. R. 1, box 71.

THE UNIVERSITY OF OREGON

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expression of public support, the University is now entering upon an era of large development and extended usefulness.
