

Of Interest to the Industry

EVERY stockraiser will be interested in the coming Pacific International Livestock Exposition in Portland November 18-20. It will be the means of not only exhibiting his own prize animals, but to profit by the experience of others.

The Malheur County Bank urges attendance, and as usual extends its co-operation to those who desire to improve or enlarge their herds.

SWAT THE 5 PER CENT BILL

In the happy-go-lucky manner common to Oregonians no organized effort is being made to combat the pernicious bill which will be placed on the November ballot to limit interest rates to 5 per cent. No more radical measure was ever on the ballot in Oregon. Its result would be ruin for the state from impairment of credit and dearth of money to loan both from local capital and outside capital.

"In effect this proposed bill prohibits charging a rate of interest in excess of 5 per cent," said a local man who is well posted in financial matters in Oregon. "Four per cent would be the legal rate. Just why anyone with the mental capacity to reason can support a law so absolutely pernicious in its character is beyond our understanding," he continued. "However, the voters of Oregon are called upon, from time to time, to sit down on such misguided souls as the authors of this proposed bill and these voters can be depended upon to do so in this instance."

In the event this bill should become a law it would have the effect of destroying the borrowing power of every individual, corporation and industry in this state," he added. "It is reasonable to suppose that every loan now outstanding would be called when it becomes due for it is utterly foolish to believe that anyone will loan money in Oregon at 5 per cent when 6, 7 or 8 per cent is easily obtainable in every other state in the Union, with the result of a general paralysis of every line of activity in this state."

Let every individual think it over. If you are denied the privilege of borrowing money for your needs, if every one of your friends and neighbors are in the same boat, if the industries in Oregon are compelled to close down for lack of funds to carry on their business, Oregon would be compelled to set her clock back 700 years.

Nyssa at County Fair

Last week's Ontario Argus paid the following compliment to Nyssa's prize winning exhibit at the Malheur County Fair:

Nyssa has a wonderful exhibit including nearly everything which can be grown in this country. The special feature is ensilage corn, the quality and quantity shown being unequalled. A miniature red silo stands among the green alfalfa and yellow grain making an attractive picture. Fruit, produce, canned fruit, a splendid collection of flowers belonging to Mrs. J. B. Smith, flour and grain are the other features of this display.

No. 27-65 a. 6 mi. from city, close to school. Free water for 50 a., balance under ditch; family orchard, berries, grapes, shade, 4-room house, lots of out buildings. \$9000; terms. See Millar-Hoxie. —Adv. ol-2t
