VOTE 57 X, SWAGLER For District Attorney

This is the most important County office to be filled at the coming election. Your district attorney should be a lawyer of training and experience, possessing not only ability as a prosecutor, but who will carefully handle the legal affairs of the County in such a manner as will best serve your interests, consistent at all times with due economy.

I am asking to be re-elected as your District Attorney, solely upon my past record, with my pledge to exercise the same energy, fearlessness, conscientiousness, good judgment, reason and economy that I have endeavored to exercise in the past.

I have had practically seven years experience in the duties of the office and I am fully acquainted with all of its duties and responsibilities.

During my term of office I have convicted or secured a plea of guilty in fifty-seven cases in the various justices and county courts with acquittals in but three cases. From these cases our county has secured approximately \$8000.00 in fines and bonds forfeited.

Out of eighteen cases tried before a jury in the Circuit Court, there have been eleven convictions and seven acquittals, and during the last four terms of Circuit Court, juries have brought in verdicts of guilty in every criminal case tried.

I have kept up the County Tax Foreclosure, and thereby added many thousands of dollars to the funds of the County.

Circuit Court expenses have been materially reduced by a careful consideration of the various cases submitted to me, and the exercise of sound judgment.

I invite a careful inspection of my record for I have nothing to conceal. If you do not know me personally ask your neighbor regarding my qualifications, fitness and training.

If you approve my services and believe my re-election will best serve you as a taxpayer of this County—

VOTE 57 X, SWAGLER FOR DISTRICT ATTORNEY.

District Attorney R. W. Swagler will meet with the citizens of Arcadia at Arcadia school house Tuesday evening, October 26, at 8 o'clock to discuss with them the

BEAM-McDONALD

A recent issue of the Albany Herald contained the following account of the wedding of Clarence D. Bean and Miss Donaldia MacDonald, former well known young people of Nyssa:

"At the home of the bride's parents, Mr. and Mrs. E. H. McDonald, Clarence D. Bean and Miss Alda MacDonald were married yesterday afternoon at 4:30 o'clock. Rev. Bruce J. Giffen, Presbyterian student pastor at the University of Oregon, was the officiating minister. Following the ceremony, the bridal party composed of the persons named and the bride's brothers, Dwight and Gordon MacDonald, dined at the Albany hotel, after which the bride and groom took the train for Portland."

Mr. and Mrs. Bean spent their school days together at Nyssa, Oregon, where they were both well known. Mr. Bean was a student at the University of Oregon and also at Chicago University, where he enlisted for overseas service. He belonged to a medical unit and was gassed in action. Mrs. Bean is a graduate nurse and belonged to the famous 46th Base Hospital unit that was recruited in Portland and that saw service in France. They will take their home at Elkhorn, where Mr. Bean is engaged in business."

Very important initiative measures to be voted on by the people on November 2. He will also address a similar meeting at the Warren school house on Wednesday evening, October 27, at 8 o'clock. Mr. Swagler is so well and favorably known in these communities and the questions which he will discuss are of such an interest to all citizens that these meetings will doubtless be largely attended.

The Public Service Commission Oregon Is Coming to Our Rescue

During these years of high prices of materials and labor, we have struggled to maintain our service to the public. We have done so without a penny of increase in our rates. We have borne the burden of the war and of reconstruction. While business as a whole has prospered, we, both large and small, have reaped unheard of profits. NOT A PENNY OF OUR PROFITS HAS BEEN PAID TO OUR STOCKHOLDERS.

We are at the end of our rope. Our income is not enough to meet our expenses. So we have asked the Commission to increase our rates sufficiently to provide which will produce:

1st Necessary Operating Expenses.

The many monthly items of expense of running our business.

2nd An Adequate Depreciation Reserve.

Money set aside to replace the plant as it is worn out.

3rd A Fair Return on Investment.

Just a fair rate of interest to the people who have invested their money in our business.

Could We Be More Fair Than This?

We have absolute confidence in the fairness of the Commission to adjust our rates so that they will be fair to you and us alike. We have confidence in the fairness of the public to readily see that our rates must be increased to meet increased costs of doing this service.
