KINGMAN KOLONY

Charles Smith will leave Thursday for his home in Twin Falls after an extended visit with his brother, Dr. H. J. Smith.

Mr. Zeirelein has as his guests his sister and her husband, Mr. and Mrs. Lamb, of Nebraska.

H. S. Berroughs returned to New Plymouth Tuesday after visiting in the Kolony for some time. He resold his hay this week to Mr. Vines.

The large attendance at Sunday school since the first of the year has been very gratifying.

D. C. Page received word from Nebraska Sunday of the death of his father, who was 84 years of age.

Mr. Pritchett, who has been with the highway survey, is with his family at the school house.

A three-act comedy entitled "All a Mistake" will be presented at the Kolony school building Saturday evening by a group of young people from Big Bend. The admission will be 15c and 25c, and the funds will go to the Big Bend school.

The laying has been resumed and a full crew is busy again.

D. W. Johnston has rented the ranch belonging to Harry Thomson and will move onto the place this week.

Walter Nichols is shipping hay from Kingman station, and H. R. Scott and M. M. Greeling are shipping from Adrian. Mr. Greeling is shipping to the Kansas City market.

Mary Warren spent part of the week in Nyssa with her parents and her brother, Marvin Warren, who is visiting from the east. She returned to Adrian Tuesday, where she is making her home with Mr. and Mrs. John Holly.

The Kingmans entertained Sunday at a prettily appointed dinner. Covers were laid for Mr. and Mrs. Overstreet, Mr. and Mrs. Kingman, the Misses Martha Overstreet and Florence Kingman, and Messrs. Harva Otis and Maurice Judd.

A well attended meeting of the Parent-Teachers Association was held Friday afternoon at the school building. An interesting programme, which was arranged by Mrs. Greeling, chairman of the programme committee, was rendered and some business transacted. Mrs. Alvin McGinnis sang and was accompanied by Mrs. Pritchett. The

following papers were read: The First Mother's Congress, by Mrs. E. F. Pratt; The International Congress of Mothers, by Mrs. Herbert Hicker; and The Organization of the P.-T. A., by Mrs. Parsons. The officers and committee chairmen are to meet with the teachers Saturday to arrange constructive work for the remainder of the year. The next monthly meeting will be held February 4th, and a large attendance is expected.

FIRE DEPARTMENT TO OPEN GYMNASIUM

A meeting of the fire department was held Monday evening, at which arrangements were made to open a gymnasium and reading room. A lease has been secured on the Strode building opposite the postoffice and it will be fitted up with equipment for all kinds of indoor athletic sports, and entertainments of various kinds will be given at frequent intervals. It is the aim of the promoters to make it a community affair and anyone can become a member and enjoy all its privileges by the payment of one dollar. It is a good thing. Help it along.

Peach Leaf Curl Yields to Treatment

According to the Oregon Agricultural College peach leaf curl can be entirely prevented by through application of Bordeaux mixture, 6-6-50, not later than February 10.

"A hundred per cent of buds covered means 100 per cent disease-free leaves," explains H. P. Barsa, plant pathologist of the O. A. C. experiment station. "But only 50 per cent of buds covered bring the possibility of 50 per cent of infected buds from the untreated buds."

The leaf curl is a state wide peach trouble that dwarfs the trees and reduces or destroys the crop. It is likely to appear in any unsprayed orchard in any part of the state.

The same spray thoroughly applied to all parts of the tree is said by Prof. Barsa to be the most permanent control of tree moss. This is true for all orchard trees, though lime-sulphur 1-8 is fairly effective. Spraying for leaf curl later than February 10 does not insure protection with such varieties as the Elberta, especially in districts where trees put out earlier.
