There's a time and place for everything.  
Last Summer it took all a merchant's time  
and ingenuity to get goods to sell.

This season with the supply increased it's  
time to get out the busting again and strike  
up the band.

Everybody wants the Maxing silencer taken off  
the values and in every line from groceries to  
go-carts the stores that are letting up on the  
prices and letting out on the values are getting  
the business.

That's the platform, on which every article in  
this Summer stock is prepared for sale.

**HARVEY ROBERTS AGAIN  
INDICTED BY THE GRAND JURY**

Ontario, May 4.—Harvey Roberts of Ontario, who was tried Wednesday at the circuit court at Vale on the charge of burglarizing the T. J. Caldwell store at Nyssa on the night of March 22, and was acquitted by the jury, was re-arrested and re-indicted by the new grand jury on the charge of having stolen goods in his possession. The goods stolen at the Caldwell store were found in Roberts' room in Ontario, and consisted of three shirts, four pairs of shoes, leather gloves and two pairs of silk socks. At the trial he testified he had purchased the goods in Ontario

from a mysterious stranger. It is said he admitted in his testimony that he thought they were stolen when he claims he bought them. It is understood it was this admission that brought him again into the clutches of the law. He is in jail at Vale pending his trial in June.
