WHY ROAST YOURSELF IN A HOT KITCHEN

No longer is it necessary to heat a whole range and the kitchen to boil one panful of water.

Use one burner, or two, or three, or four, just as you need. Have the heat right under the utensils and high or low for each as needed.

Install a Nesco Perfect Oil Cook Stove

This wonderful stove that burns kerosene produces a very hot blue flame separately at each burner—one or all at a time. With its separate, removable oven it furnishes all a family needs for preparing any meal and keeps the kitchen cool and clean as can be.

OWYHEE

From our regular correspondent

OWYHEE, June 8, 1921.—Rev. W. P. Shields was calling in the community Saturday.

Mrs. J. S. Glascock and children called at the Pean and DeBord homes Friday and Saturday.

Mr. Frank Zellar and Mrs. Sula Thompson motored up from Ontario Thursday to visit at the C. E. Schweizer home. Mrs. Thompson remained a few days.

Kenneth McDonald visited his cousin, Gerald DeBord Sunday and Monday.

Mrs. J. B. Smith and Mrs. Charles Schweizer attended the meeting of the executive board of the P. T. A. at Ontario Wednesday. They were entertained at luncheon by Mrs. W. B. Roberts.

Mr. and Mrs. George Glascock and family were Gate City visitors Saturday.

Quite a number are buying "already yet" among them McGinnis, Glascocks and Mendolia. A number of young men from the Kolony are helping hay on the Mendolia ranch.

Mrs. G. A. Glascock and family and Miss Sara Robertson attended Sunday school and church at the Kolony Sunday.

T. M. Lowe is working on the river between here and Vale this week.

Mr. and Mrs. Charles Bradley and family and Mr. and Mrs. Freeman Bradley motored to Emmett Saturday for a brief visit with the H. P. Pratt and Mathieson families. They say

the Pratts are located on an ideal fruit ranch, watered by springs, and will have about two thirds of a normal crop of cherries, apricots and peaches, while Emmett valley in general, though "spotted", will probably have a third of a normal crop. They were authoritatively informed that the fruit trees at Brogan are bearing a heavy crop of cherries, pears, apricots and peaches, as well as apples. They returned home Sunday leaving grandpa Bradley there for a visit. On their way home past New Plymouth, Fredland and Ontario, they noticed that alfalfa fields in general are badly damaged by weevil.

E. L. MacLafferty attended Adventist camp-meeting at Caldwell the early part of the week, while Mrs. MacLafferty went the latter part of the week, returning Monday. Ed Tenhave also attended Saturday and Sunday.

Mr. and Mrs. Ray Howe and Mr. and Mrs. Frank Friar went to Nyssa Saturday evening.

The pupils who took the eighth grade examinations did fairly well. Some of them failed to make a passing grade in spelling and geography, so will take the examination again next week.

Mr. and Mrs. Ben Richardson, of Squaw Butte are doing some work on their desert claim and camping in the Bradley orchard while here.

We are glad to hear that J. S. Pinkston is gaining, being able to talk a few steps now.
