Bruce Duncan Now Club Leader State of Idaho

Nyssa people will be pleased with the success that attending Bruce Duncan, a well known Nyssa boy, son of Mr. and Mrs. J. M. Duncan. The following story from the McCammon News tells of his recent appointment as club leader for the State of Idaho:

E. B. Duncan, who for the past two and a half years has been serving in the capacity of County Agricultural Agent, has resigned to accept an appointment as State Club Leader, and expects to leave to take up his new duties in the very near future.

The confirmation of his appointment was received this week, and just as soon as his successor here as County Agent can be made, and Mr. Duncan's work cleaned up, he will leave for Boise where he will make his headquarters at the state capitol building.

During his residence here in McCammon both Mr. and Mrs. Duncan have made many friends who will deeply regret their departure, but who will congratulate them on their promotion. Mr. Duncan has done splendid work for the Farm Bureau of Bannock County, and some little difficulty will be experienced in finding as capable a person to fill the position. Under his leadership, the membership in 1920 was the largest of any county in the state, and Mr. Duncan was largely responsible for the great interest created in the work throughout the county.

He is recognized by the State Leaders as one of the most efficient County Agents throughout the state and the promotion he has just received is merited. There are thirty communities in Bannock County which have taken up the Farm Bureau work, and it has been no little task to supervise the work in all these communities, but Mr. Duncan has been on the job early and late and given the farmers of the county every possible assistance. That he will make good in his new field is unquestioned and the best wishes of many people throughout this section of Idaho go with him.

He will have occasion in his work to visit all the counties of the state and expects to visit Bannock County and McCammon at least twice a year.

Mrs. Duncan and daughter, Maxine, will leave next week for a visit with

her father at Parma, Idaho, and will later go to Boise as soon as suitable living quarters can be secured.—McCammion (Idaho) News.

Mr. Fluharty, Director of Extension further remarks:

"Mr. Duncan's experience and success in county agent work fit him admirably for the new work which he is undertaking. His appointment as State Club Leader was made after a careful canvass of a large number of applicants. His knowledge of organization methods will assure a continuance in the future of past club policies which have placed Idaho club work in the front rank."

NOTING TO WORRY ABOUT

A well known farmer came into Nyssa yesterday without his usual worried look, and as happy as fifteen dollar buy free from weevil. His unusual appearance attracted the attention of a friend, who asked the cause of his cheerfulness. He replied: "Why shouldn't I be cheerful? I've got nothing left to worry over—crops all gone, money all gone, food's about played out, can't get work, got nothing, so I've got nothing to worry about and have stopped worrying. This normalcy is a sure cure for worry, if you take it in large enough doses."
