

A Wonderful Burner With the Rockweave Wick

Cooking is made easier, the burden is lifted as soon as one installs a

Nesco Perfect Oil Cook Stove

The Burner furnishes a beautiful hot blue flame. When out the burner bowl has carried the Rockweave Wick right up out of the oil level and all the residue oil has burned out so that the wick is dry. No harm done because it is the Rockweave Wick. It is non-burnable—easily removed to clean off carbon—easily replaced because no ratchets and gears.

The pointer handle turns from side to side, back and forth to turn the flame up or down. Easy to regulate.

The Nesco Perfect is a stove you'll be glad to own because it will lighten your work. You'll be proud to own it because it's a beauty and dependable. We sell it because we know it will satisfy.
