Electric Cookery is Better Cookery

An Electric Range Gives More Freedom for Social Affairs

ELECTRIC ranges have proved a most important factor in cutting down the time required for household duties, and in affording women the opportunity to participate in interesting and beneficial public activities, club work, and social affairs.

Their absolute cleanliness saves countless hours heretofore spent in scouring utensils and in constant scrubbing and cleaning of the kitchen. Electric ranges eliminate all dirt, soot, ashes, fumes and greasy smoke.

The simple, automatic operation makes it unnecessary to spend much time in the kitchen tending to cooking. The Electric Timer and Heat Control can be depended upon to turn the heat ON and OFF just at the right time and to maintain an even, accurate heat throughout the cooking period. Perfect results are assured without watching.

Hotpoint ELECTRIC RANGES

Come in and have us explain the unequalled comforts, conveniences, safety and superior cookery offered by this most modern and efficient range. Our wide variety of models provides a style designed to meet every requirement.
