Have you ever stopped to consider how much that big ash pile back of your home is costing you in dollars and cents, to say nothing of the work and nuisance of carrying coal and ashes and cleaning up the continual muss?

The Average Amount Paid by 4990 Idaho Customers During April, 1924, for Electric Cooking Service Was Only **\$3.23**

If you will do a little figuring you will discover that this is for less than it costs for other methods of cooking. Then, add to this low cost advantage all the other wonderful features of Electric Cooking.

No fires to build, no pans and kettles to scour, no heat radiation to make your kitchen stuffy and uncomfortable, no soot and no smoke to mar your walls.

The average rate per Kw. H. paid by the above 4990 customers was 2 1/2c. The Average cooking rate in 6000 other communities in the U. S. was 3 3/4c
