BELL-ANS

25¢ AND 75¢ PACKAGES EVERYWHERE

SPOHN'S DISTEMPER COMPOUND

Don't take chances of your horses or mules being laid up with Distemper, Influenza, Pink Eye, Laryngitis, Heaves, Coughs or Colds. Give "SPOHN'S" to both the sick and the well ones. The standard remedy for 30 years. Give "SPOHN'S" for Dog Distemper. 60 cents and $1.20 at drug stores.

SPOHN MEDICAL CO. GOSHEN, IND.

FOR OVER 200 YEARS

haarlem oil has been a world-wide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

GOLD MEDAL HAARLEM OIL CAPSULES

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

Try Joint-Ease for Rheumatism

When rheumatism settles in any of your joints and causes agony, distress or misery, please remember that Joint-Ease is the one remedy that brings quick and lasting relief.

It matters not how chronic or aggravated a case may be—rub on Joint-Ease and relief is sure to follow.

Joint-Ease is for joint trouble only and is a clean, penetrating preparation that druggists everywhere are recommending.

Always remember, when Joint-Ease gets in joint agony gets out.—quick.

If frequent shaving irritates your skin use

Resinol

Perhaps the daily shave makes your sensitive skin burn and smart, or it may cause a rash which is uncomfortable and embarrassing. RESINOL OINTMENT helps greatly to relieve and clear away such ailments, but RESINOL SHAVING STICK tends to prevent them entirely. Its rich, generous, non-drying lather makes shaving a pleasure because no after-shaving lotions are necessary, and the face is left smooth, cool and soft. *Resinol products at all druggists.*

W. N. U., Salt Lake City, No. 6–1925.

FARM STOCK

SHEEP RAISING CAN BE MADE PROFITABLE

One of the big factors which enters into sheep raising is treatment for internal parasites. If sheep are infested with stomach worms, for example, a large per cent of them will die and those which live will be unthrifty. It is possible, however, to keep these parasites under control by making use of drenches and treatments prescribed by the veterinarians, advises Prof. L. V. Starkey, chief of the animal husbandry division of Clemson college, who adds, that a second factor of importance is the use of pure bred rams. It is remarkable to note the progress which can be made by the use of pure bred rams—even in the first generation there is such a marked improvement that the lambs would not be recognized as products of the native ewes. Southdown and Shropshire rams are best adapted for grading up native ewes.

A third way in which our sheep can be improved is by feed. Many have the idea, says Professor Starkey, that sheep need no feed, but this is a mistake. They need some legume roughage, such as soy bean or cowpea hay. In addition to the roughage feed some grain for a month before lambing and also after lambing. Feed lambs intended for the early market separately in a creep. By so doing they will make a more rapid growth, increase in weight, and consequently bring a better price on the market.

By all means dock and castrate lambs when from ten days to two weeks of age. This will make them grow out better and they will command a higher price on the market.

Breed ewe lambs, so as to lamb when about two years of age. It is a mistake to have them lamb when a year of age.

Shearing should be done as soon as the weather warms up in the spring. Some time during the summer the flock should be culled and all nonproducing ewes removed. During the summer a frequent change of pasture is desirable.

Stock Disease Loss Is Being Rapidly Reduced

Necrobacillosis is the title of Bulletin 289 of the Colorado experiment station. Necrobacillosis is a generic term that applies to a group of diseased conditions caused by the specific germ, actinomyces necrophorus, which affects practically all species of domesticated animals, but is more common to hogs and sheep.

Rapid progress is being made in reducing the loss of live stock from diseases. The bulletin states that the year-book of the Department of Agriculture for 1922 records that the annual loss of horses from disease has been reduced from 22.3 per thousand in 1895 to 16 in a thousand in 1922. The loss of hogs from disease and parasites makes even a better showing. In 1895 there was a loss of 92.3 hogs out of every thousand from disease, while in 1922 this loss was 54.4 a thousand. This means a saving of two and one-fourth million hogs a year and is attributed in a large measure to the uses of anti-hog cholera serum.

Not all of this saving is due directly to the ministrations of the veterinarian, for stockmen generally have acquired much knowledge of the proper care of animals in the prevention of disease. This knowledge has been disseminated in a large measure through the medium of the public press.—George H. Glover, Colorado Agricultural college.

Sterility Cases Should Be Handled by Surgeon

A sterile animal is of little value to the breeder, as the success of the industry rest entirely upon the capacity of the stock to produce young. If, therefore, after several attempts it seems impossible to get an animal started breeding, it is time to adopt heroic measures.

The old procedure in a case of this kind was to have the animal slaughtered, if fit for food, but now the breeder first tries to locate the cause, after which he is in a better position to remedy the trouble.

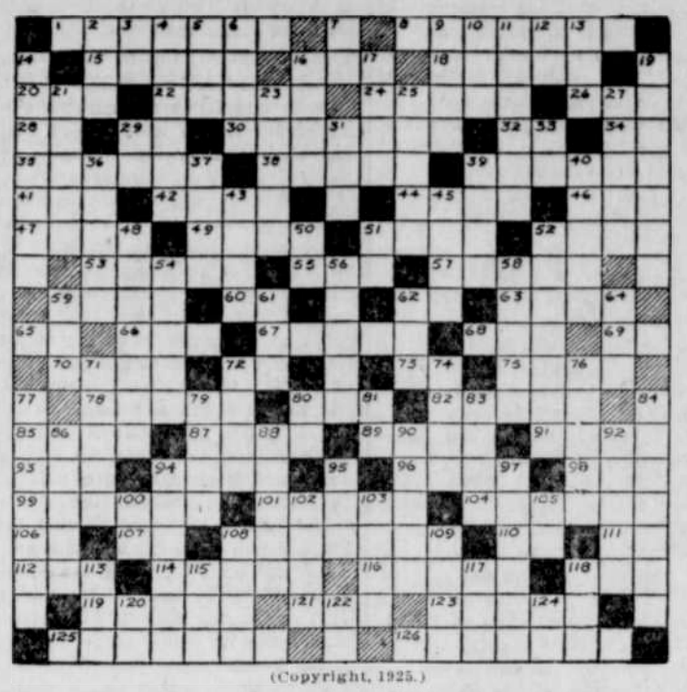
In a number of cases the cause has been eliminated and animals which were nonbreeders have been started, after which there is usually very little, if any, trouble. Sterility cases, however, should be handled by a qualified veterinary surgeon, as it would be dangerous to have the work done by incompetent hands.

There are several forms of sterility, the most frequently met with being caused by disturbances of the ovaries. The great majority, in fact about 75 per cent of sterility cases, are caused by retention cysts or inflammation of the ovaries.

Treatment for Lice

Cattle contract lice from coming in contact with an infested animal or occupying a stable that has been contaminated by such an animal. The vermin are most troublesome during the winter season. Isolate affected cattle and spray or dip them with a solution of coal tar dip made according to directions given by the manufacturer or dust infested parts freely with powdered sabadilla, blanket the animal and brush clean out of doors 3 or 4 hours later.

CROSS-WORD PUZZLE



(Copyright, 1925.)

Horizontal.

1—One of the highest order of mammals
8—Less long
15—Old womanish
16—Little devil
18—Junction
20—Small, explosive report
22—Link
24—Enticed
26—Moisture
28—Aloft
29—A sloth
30—Having three teeth
32—Accomplish
34—Myself
35—Wise counsellor
36—Pertaining to the sister of Osiris
39—To render infamous
41—Anger
42—Observe
44—Between hip bone and false ribs
46—Procure
47—Hub of a wheel
49—A gloomy covering
51—One of a Slavic people of eastern Germany
52—Location
53—Go in
55—Unclose
57—Faithful
59—Tract on the earth
60—I refuse
62—Belonging to me
63—Paradise
65—Exists
66—Males
67—Proportion; rate
68—Insane
69—Ourselves

Solution of Last Week's Puzzle.

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

THE BERI-BERI-BEAR

The Beri-Beri-Bear is a beast without a care,
He's a roly-poly, fat old frolic maker;
He likes to crawl in bed and make believe he's dead,
And fool his friend, the jungle undertaker.

You would laugh to see him dive into a wild beehive,
And get his jewels all plastered up with honey;
When the bees begin to bite, he waddles off in fright,
Which makes him look ridiculously funny.

In his lazy, foolish ways, he will sleep for ninety days,
Yet the hungry jungle beasts dare not go near him,
For when he sleeps he snores, just like a lion roars,
Which makes the bravest jungle fighter fear him.

Worn Out Since the Grip?

WEAK, nervous—just tired and miserable most of the time? Back lame and achy, too? Rheumatic pains torture you at every step?

Then you should look to your kidneys! Colds and chills are apt to weaken the kidneys and allow toxic poisons to upset blood and nerves. Then may come daily backache, stabbing pains, headaches, dizziness, and irregular or painful passage of the kidney secretions.

Don't risk neglect. Help your weakened kidneys with *Doan's Pills. Doan's* have brought new health to thousands. They should help you. *Ask your neighbor!*

A Utah Case

Andrew Pierce, farmer, Third South Third East St., Springville, Utah, says: "I had sharp, shooting pains through my back and when I stooped I could hardly straighten. My back felt lame and achy, too. My kidneys acted too freely, and I had a weak, run-down feeling. I used Doan's Pills and one box practically cured me of the trouble."

Doan's Pills

Stimulant Diuretic to the Kidneys

At all dealers, 60c a box. Foster-Milburn Co., Mfg. Chemists, Buffalo, N. Y.

Knightly Affair

Teacher—What is a knight errant?

Bobbie—The one father does when he wants to get out after supper.

Do You Know

That mashed turnips and squash are improved by the addition of a small quantity of Calumet Baking Powder?

A ten-cent argument can lead to a $10,000 quarrel.

Says Brother Williams

"Ef de worl' is 'goin' ter de devil,' as some folks say, that'll jes' suit de ol' sinners, who is always in fer a hot time."—Atlanta Constitution.

New York Leads

Fully 200 lines of steamships are in operation at the port of New York—a record not achieved by any other port in the world.

Genuine BAYER ASPIRIN

SAY "BAYER ASPIRIN" and INSIST!

Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians 24 years for

Colds	Headache	Neuralgia	Lumbago
Pain	Toothache	Neuritis	Rheumatism

Safe — Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets
Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Teach your child Internal cleanliness

THE mother who permits constipation in her baby or older child is risking the health, even the life, of her little one.

Fretfulness, feverishness, night terrors, grinding the teeth in sleep, biliousness, coated tongue, loss of appetite, any of these may indicate constipation. Poisons from the child's stagnant intestine are flooding the little body, and if left unchecked may lead to serious consequences.

Avoid Laxatives—Say Doctors

A noted authority says that laxatives do not overcome constipation, but by their continued use tend only to aggravate the condition.

Medical science has found in *lubrication* a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and hastens its passage through and out of the body. Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless.

Let your infant or child have Nujol regularly, and see rosy cheeks, clear eyes and happiness return once more.

Nujol is used in children's and general hospitals and is prescribed by physicians throughout the world.
