## Idaho Road District Will Affect Nyssa

Tuesday of this week an election was held in the several towns between Nyssa and Caldwell for formation of a good roads district covering that portion of Idaho roads on the line of the old Oregon Trail. ### A Good Ball Game

The ball game last Sunday on the local diamond between Nyssa and Fruitland was a thriller and although it resulted in a victory for the visitors the home team is to be congratulated on having made such a good showing against that fast aggregation of ball tossers. The only regret is in having lost the game in the ninth inning, after having held the lead for several innings.

The first inning resulted in a score of 5 to 0 in favor of the visitors and it looked as though a slaughter of the innocents was about to take place. But the local boys steadied to their work and held the visitors to their 5 original scores for a number of innings, meanwhile annexing one or two themselves each time to the bat until at the beginning of the ninth the score was 8 to 6 in favor of Nyssa. The ninth, however, proved to be Waterloo for the home team and when the smoke of battle cleared away the score stood 11 to 9 in favor of Fruitland. The two league games resulted as follows:

Standing of Teams.				
	Played	Won	Lost	Pct
Fruitland	4	3	1	.750
Nyssa	3	1	2	.334
Parma	4	3	1	.750

THE same old wearing qualities plus new, easier-riding qualities—that is the Kelly Flexible Cord.

Easier-riding because it is more flexible. More flexible because it is built with the new integral bead. Long wearing, partly because of this new flexible construction and partly because it has an extra thick, tough tread.
