LOCAL NEWS IN BRIEF

Has someone told you there is no Santa Claus? Let us prove there is one in "One Christmas Eve," presented by the grade children at the theater on December the twenty-third, promptly at 7:30.

Born—To Mr. and Mrs. O. G. Bauer, on Saturday, November 28, a baby daughter.

Mr. and Mrs. Dawey Ray spent Sunday in Payette, the guests of Mrs. Selma Bosch.

Eddie Powell was a business visitor in Boise Monday.

Troy Sitten returned from the Ontario hospital Saturday. He is rapidly recovering from his recent operation for appendicitis.

Joe Meyer, mine host of the Hotel Western, installed a General Electric range in his hostelry this week, thus keeping pace with the progressive spirit of the times.

Mrs. J. Boydell returned home Wednesday from Boise, where she spent the past week with her daughter, Miss Eva Poydell, who is in the hospital there.

Mrs. J. J. Sarazin spent Thursday and Friday in Boise this week.

Mrs. J. Cancellino and children were Nampa visitors last Friday. The Ladies Aid of the Methodist church met Thursday afternoon at the Methodist parsonage.

Mr. and Mrs. Lawrence MacLafferty and daughter Betty from Pocatello spent Thanksgiving with Mr. and Mrs. George MacLafferty of Nyssa, four generations being present.

Mr. and Mrs. H. R. Sherwood and Donald spent Thanksgiving at Payette.

Pearl Bingham has purchased the dairy business of George Schweizer and took it over the first of the month.

Albert Cook and family returned Monday from Baker, where they spent Thanksgiving with relatives. George Green officiated as the Nyssa police department during Art's absence.

The Hughes valve cap, doubles the tire mileage, prevents all loss of air at valve. Set of 5, \$1.25 at Hoxie Service Station, Nyssa, Oregon.

A party of prominent Nyssaites consisting of S. D. Goshert, E. M. Blodgett, R. J. Davis, Dick Tensen, H. R. Sherwood, Garritt Stam, Frank Fry and Chas. Garrison went to Vale Thursday to attend the county budget meeting. The necessity of making a big cut in the amount of the budget has placed the officials in an embarrassing position, particularly as a large amount of farm property has been taken over by the county for taxes and now bears no taxes, thus materially decreasing the revenue.

Sunday dinner guests at the Sherwood home included Mr. and Mrs. E. C. S. Brainard of Payette, Mr. and Mrs. Lawrence Brainard and daughter Betty of Boise and Mrs. S. B. Brainard and son Scott of Honolulu.

John Bigelow returned Tuesday from a trip to the Puget Sound country in Washington, going as far as New West Minister. He had intended to go as far as Vancouver, B. C., but a storm prevented.

Irene Closson returned Monday to her school at Beulah.

Mr. and Mrs. L. O. Pounds moved into the A. R. McCarty house Thursday.

Mrs. Jim Fogle and daughter Pauline returned from John Day, where she was called two weeks ago by the death of her mother.

A Good Pair

Mrs. Mattie Thomason, one of our most successful poultry raisers, had a couple of geese that were evidently a good pair to draw to. From these two feathered bipeds she developed a flock of geese that when sold to the Goodrich Poultry House brought a return of \$24.40. Eight ducks netted \$4.68.

Episcopal Service.

Arch Deacon Cressy of the Episcopal church will hold service Sunday, December 6, at 11 a. m. at the Parish Hall. Everybody welcome.

Mr. Maurice Judd, worthy patron.
Alice Wilson, associate matron.

Eat Fish for Iodine

Lack of iodine in the system of those living in inland sections of the country makes them more subject to goiter than those who live near the sea. As sea food contains iodine doctors are advising people in the mountainous and inland sections to eat more fish with the result that the demand for canned fish and oysters is growing rapidly throughout the middle states.

Holes in Cactus

The forest service says that authorities do not agree as to why holes are found in cactus wood; however, a scientist gives the following explanation which is generally accepted: Cactus cannot afford to have solid wood because there is not enough fertility and rain water in the soil to provide for it. Therefore, it is an economy of nature.
