Noise or Music—

Which do you want from your Radio?

\$125.00

Complete with all Accessories
including OZARKA Loud Speaker

ALMOST any set of coils, tubes, condensers and rheostats can be made to get some results some of the time, but—is that enough?

Isn't it good music and speaking, faithfully reproduced that you want and pay for?

Then, why not get a genuine OZARKA—the last word in scientific radio receiving sets at a reasonable price? Moreover, through training under OZARKA factory engineers, I know the instrument thoroughly: know how to install, how to adjust and how to service it so as to assure best possible results.

When may I bring an OZARKA to your home for a practical demonstration? I'll not touch the instrument after it is installed. Instead, you will operate it yourself in order that you may realize how easily it tunes; what distance you can bring in with surprising volume and the superb quality of its tone. You'll readily admit it to be the most perfect radio reception you ever listened to.

Phone or write me when I may come, remembering that it will place you under no obligations of any kind.

Bridge Club

The Tuesday Night Bridge Club was held at the home of Mrs. Artie Robertson. A goodly attendance of club members was present and enjoyed a pleasant evening at their favorite pastime. The Goddess of Fortune smiled on Mrs. Frank Hall this time (or maybe it was superior playing). Anyway she won first prize and Mrs. Barney Wilson succeeded in capturing second. Delicious refreshments were served and amply compensated the losers for their poor luck.

Wednesday afternoon in the I. O. O. F. hall the social circle Kensington of the Eastern Star was held, with a goodly attendance. New officers were elected as follows:

Mrs. Harry Francis, president.

Mrs. J. R. Hunter, vice president.

Mrs. Wilson, secretary treasurer.

The past matron was presented with a gift for her work the past year, after which a delicious covered luncheon was served and a social hour enjoyed.
