To Raise Seed Onions

Dave Hawkins will experiment this year in raising onion seed for the market, and will make a specialty of the Spanish Sweet variety. Onion seed at present is 8c a pound, and scarce at that. Dave hopes to remedy the local situation in that respect and with the help of the county agent hopes to be able to produce certified seed sufficient to supply the demand. He will propagate the seed at Pleasant Valley, between Baker and Huntington and being raised on high land, believes the seed will be of superior quality.
