It seems we owe Barney and Marlin Wilson a humble apology for stating that the fish they caught run from 12 to 18 inches in length. The truth, according to the boys, is that the fish were much larger. In fact, any fish under 18 inches they shook off the hook, not being worth fooling with. It grieves us in our heart that we did the boys such an injustice in reporting their catch, and this convinces us that we are a bum fish story teller.

Miss Bernice Fenn underwent a serious operation at the Ontario hospital this week. She is recovering nicely.

The program was excellent and consisted of music, readings, tableaux, exercises, drills, etc., with music at frequent intervals by Russell's orchestra. The Nyssa band also rendered a number of selections during the evening.

Fire destroyed about 1200 bushels of wheat last Saturday on the old John Ray place about three miles northwest of town. The grain belonged to Claus Tensen and Dave Hawkins and carried insurance of 80 per cent of its value on 1300 bushels. Fire spreading from the ditch bank where weeds were being burned caused the blaze.
