Unlucky English Inventor

"Free Lances"

Where Champions Are Made

"SARA ANN DUPLICATE"

Grand Champion Holstein Cow at Pacific International Livestock Exposition and "All-American" Aged Cow for 1925. Owned by C. S. Potter of Ogden, Utah. If Cliff Potter of Ogden, Utah, had kept his Holstein cow at home, she would have been known only to the people of Utah as a very good cow. But Cliff Potter is a man of vision and he sent his Holstein, "Sara Ann Duplicate" into the hottest competition to be found in America—she came to the Pacific International Livestock Exposition in 1925. There she was made Grand Champion Holstein of the Show and later was made the wonder-cow of the breed for the year, having received the honor of the "All-American" aged cow—an honor which is outstanding in the Holstein breed. The best livestock of the various breeds will always be found at the Pacific International and this year will be no exception. Therefore, lovers of livestock should make it a point to get aside the week of Oct. 30-Nov. 6 for their annual livestock vacation and education. It is an inspiration to go through the various departments of this big.

Beef Breeds "Coming Back"

SHORTHORN STEER "EDA-HO II"

Grand Champion Pacific International Livestock Exposition 1925. Bred, Fed and Exhibited by University of Idaho, Moscow

The State of Idaho became famous during the 1925 Pacific International Livestock Exposition through the splendid showing made by its livestock entries. One of the State's outstanding awards was Grand Champion Steer, bred, fed and exhibited by the University of Idaho, Moscow. Keen competition will prevail this year, for Oregon, Washington, Montana, California and British Columbia are all sending entries which they believe will secure the premier award. It is an inspiration to go through the mammoth ten-acre building visiting the exhibits of cattle, sheep, swine, heavy draft horses, night horse show horses. A big, new Fox Show will be offered this year for the first time. The American National Fox Breeders' Association have decided to make the Pacific International headquarters for an annual show.

The Industrial Exhibit offers much that is of intense interest, showing raw materials being converted into finished articles, and other manufactured products of many kinds. Then there is the Land Products Show and the splendid Dairy Products Show. Here it is possible, in one day, to get a bird's-eye view of agricultural and industrial developments and activities in the West. The railroads are again co-operating by offering round trip fares at one and one-third rates. Full particulars can be obtained from the local agent. Over \$100,000.00 in premium money is offered, the biggest livestock premium list offered anywhere in America. Pacific International dates this year are October 30-November 6 inclusive; the place—Portland, Oregon.

BIDS WANTED
