## More School Buildings Proposed Bond Reduction Possible

As the taxpayers of our 18 grant land counties realize the great relief and how large is the sum coming to them through the enactment of the O. and C. Bill, they are planning new school buildings and an increase and betterment in the teaching staff.

EIGHT MILLIONS of dollars turned loose in Oregon this fall is almost unbelievable, but this is a fact, thanks to the efforts of Robert N. Stanfield. In addition to this immediate cash payment, there is a tax reduction for all time of 25 per cent. One has only to ask any school director of these counties to realize to the full the wonderful relief from burdensome taxes the enactment of the O. and C. bill has permitted. This tax relief was only possible by the holding of the Chairmanship of the Public Lands by Senator Stanfield. The further relief to be had through the Forest Reserve Lands can only be obtained by re-electing Robert N. Stanfield as Senator from Oregon.

Senator Stanfield proposes to apply this principle to the Forest Reserves, which will give every taxpayer in Oregon an additional reduction of from 25 per cent to 40 per cent. Or in other words will give Oregon an increased revenue of from 11 to 15 MILLIONS of dollars yearly, and for all time to come. With this substantial reduction in our taxes and bonded indebtedness, we may look for the immediate coming of Eastern capital and population, and an increase in the value of our own property.

This additional revenue could eventually permit the repeal of all automobile, road and gasoline tax.

You were denied knowledge of legislation proposed by Senator Stanfield, because the Morning Oregonian has and will sacrifice your best interests in order to wreak its vengeance on anyone daring to oppose its own aggrandizement. The people of Oregon are a free people, owing their allegiance to their God, their country and themselves, and they will not submit to be ordered and dictated to by any selfish interest, no matter how powerful that interest or clique may be.

We who have been making homes in Oregon, establishing industries and payrolls, or working for wages, know how hard the struggle has been to make ends meet. There is only one hope for us, and that is relief from the burden of excessive taxation. Robert N. Stanfield, the present Republican Senator, whose advice and counsel is sought and respected by Senators and President Coolidge alike has been the only representative Oregon ever had who has been able to actually reduce taxes. He is the only man who can continue to do so, as he and he alone can retain for Oregon the powerful Chairmanship of Public Lands.

Therefore, if you want to have the full benefit of reduction in taxation, and bring the full development of Oregon to pass within your lifetime, you must forget party or personal likes and whims and retain Senator Stanfield.

Oregon can suffer no greater disaster than the loss of the Chairmanship of the Public Lands Committee.
